

College of Human Sciences

JUNE M. HENTON, Dean
 SUSAN S. HUBBARD, Associate Dean
 JENNIFER KERPELMAN, Associate Dean

Human Sciences is a professional program central to the land-grant mission that draws from the natural and social sciences, the arts and humanities. It integrates and interrelates knowledge from these disciplines to advance the well-being of individuals, families, and consumers. The course of study provides a broad liberal education, specialized career preparation, as well as a background for individual and family living. Areas of specialization focus on aspects of environment, health, consumer products and services, and human development. Human Sciences offers men and women professional and pre-professional preparation for careers in education, business, industry, social agencies, and government.

The College of Human Sciences includes the departments of Consumer Affairs; Human Development and Family Studies; and Nutrition, Dietetics, and Hospitality Management. Programs of study leading to the bachelor of science degree can be planned within five curricula in the College of Human Sciences. These curricula are designed with flexibility to meet the needs of students with a variety of academic interests and goals. Program-specific accreditations/approvals/endorsements/certifications have been attained for several programs.

Transfer Requirements. To transfer into any undergraduate major in the College of Human Sciences, a student must have an institutional 2.0 GPA. To transfer into the Dual Objective Program with Human Development and Family Studies and the Early Childhood Education program in the College of Education (teacher education program), a student must have a minimum 2.5 GPA on all college coursework attempted and on all coursework attempted at Auburn.

Graduation Requirements. To earn the bachelor's degree from the College of Human Sciences, students must complete the hours and subject matter requirements of their curricula and must have a minimum grade-point average of 2.0 on all course work attempted at Auburn University, and in addition, a 2.0 cumulative grade-point average on all work attempted in the major.

Minors

Human Development and Family Studies Minor

18 semester hours in minor (minimum 9 hours at 3000-level or above)

Courses required		Cr. Hr.
HDFS 2000	Marriage & Family in Global Context	3
HDFS 2010	Lifespan Human Develop in Family	3
Elective Courses: see advisor for approved course listing.		

Hunger Studies Minor

18 semester hours in minor (minimum 12 hours at 3000-level or higher)

Courses required		Cr. Hr.
HUSC 2000	Hunger: Causes, Consequences, and Responses	3
HUSC 4000	Hunger Studies Capstone	3
Elective Courses: see advisor for approved course listing.		

International Minor In Human Sciences

16-19 semester hours in minor (minimum 9 hours at 3000-level or above)

Courses required: See advisor for approved course listing.

Elective Courses: See advisor for approved course listing.

Philanthropy and Nonprofit Studies Minor

18 semester hours in minor (minimum 9 hours at 3000-level or above)

Courses required		Cr. Hr.
CAHS 2700/2703	Introduction to Nonprofit Organizations	3
CAHS 3700/3703/3707	Gender, Wealth, and Philanthropy	3
CAHS 4910	Practicum in Philanthropy and Nonprofit Organizations	3
Elective Courses: see advisor for approved course listing.		

Options in Cooperative Extension. Students enrolled in any of the majors in the college may prepare for a career in the Cooperative Extension System through election of certain courses as electives. Majors may fulfill the requirements of the Alabama Cooperative Extension System through scheduling of the following courses: NTRI 2000, NTRI 2050; CAHS 2750, CAHS 2400, or CAHS 3600; HDFS 4670.

Graduate Work. The college offers work leading to the master of science degree and PhD degree in consumer affairs; human development and family studies; and nutrition, dietetics, and hospitality management.

Department of Consumer Affairs

The Department of Consumer Affairs focuses on consumers' interactions with their near physical environment. Two majors are offered: 1) Apparel Merchandising, Design and Production Management, and 2) Interior Design. These curricula focus on principles of design, product development, management, marketing science and technology, and consumer behavior. Majors in these curricula may lead to careers in business, industry, and government which apply knowledge to developing, evaluating and merchandising consumer products, interpreting consumers' wants and needs, informing consumers and designing environmental spaces. A senior-level internship is required in both curricula. Accelerated BS/MS programs are available in AMDP and INDS. Please contact department for additional information.

Apparel Merchandising, Design and Production Management (AMDP)

Apparel Merchandising, Design and Production Management is a professional curriculum with two options: 1) Apparel Merchandising (APME) and 2) Product Design and Production Management (APDP). Diversity within the major allows students to select such varied fields as apparel design, apparel production management, retail sales and/or management, apparel merchandising, retail buying, fashion journalism, and consumer-producer relations.

Academic Standards and Policies: Students in both AMDP options must earn a grade of a C or higher in all prerequisite courses in the major, and have a cumulative GPA of 2.0, before being allowed to proceed to the next course in the sequence. Major courses include the Human Sciences college core courses and all required Consumer Affairs courses which are indicated in bold print in the models. Students must earn a grade of C or higher on all required courses in the major to complete graduation requirements.

Prior to the beginning of the third semester, students must pass the placement test on the computer or take COMP 1000.

Interior Design (INDS)

Interior Design is a four-year bachelor of science program accredited by the Council for Interior Design Accreditation (CIDA). The curriculum focuses on the design of the near environment, the aesthetic and functional aspects of space planning, furnishings and materials, mechanical equipment, and the integration of these aspects of the built environment to fit the needs of the user. A professionally supervised internship is required. Student work from courses in the major may be retained by the program for accreditation and exhibit purposes.

Academic Standards and Policies: Freshman and transfer students admitted to Auburn University, as well as internal transfer students from within Auburn University, who desire to major in Interior Design, College of Human Sciences, will be admitted to Pre-Interior Design (INDX). The Pre-Interior Design students must complete the first year of Pre-Interior Design course work, i.e., CAHS 1000 and CAHS 1100 with a grade of "C" or better

in order to be evaluated for possible admission into the Interior Design curriculum. Admission into the Interior Design program (sophomore-senior levels) is limited with a maximum class size of 36 students per year. Admission will be based upon a portfolio review by the Interior Design faculty of the work completed in the Pre-Interior Design course work. Students who have earned at least a C in both CAHS 1000 and CAHS 1100, but who are not selected for the Interior Design program because of class size limitations, may be invited to join the program if a space opens up in the program. Course work in the major must be taken in sequence; transfer students should anticipate that additional semesters of study may be required to complete the program.

Students in INDS must earn a grade of a C or higher in all prerequisite courses in the major before being allowed to proceed to the next course in the sequence. Major courses include the Human Sciences College core courses and all required Consumer Affairs courses which are indicated in bold print in the model.

- ** Must choose one CAHS and one business related professional elective from the approved professional elective list. The Joseph S. Bruno Auburn Abroad in Italy program will satisfy (10) ten hours of professional electives.
- **** Must choose from HONR 1007/1017, PHIL 1010/1017, 1020/1027, 1030,1040,1050,1060, 1070, 1080, 1090 or 1100.

Note: Admission to the INDS program is competitive. All incoming and transfer students will be placed in Pre-Interior Design pending acceptance into the INDS program.

Prior to the beginning of the third semester, students must pass the placement test on the computer or take COMP 1000.

Department of Human Development and Family Studies

The Human Development and Family Studies (HDFS) undergraduate curriculum is designed to prepare students for a variety of careers that contribute to the success of individuals and families across the life span. Career directions include, but are not limited to, teaching and administering programs to young children in pre-school or hospital settings, counseling teens in residential treatment facilities or church programs, providing supportive services to adult and elderly populations, implementing family education in the broader community, and advocating for family policy

within government settings. Students also gain excellent preparation for graduate school. Majors select one of seven concentration areas; Infancy/Preschool, Child Life, Middle Childhood/Adolescence, Adult Programs, Gerontology, Legislative/Public Policy, or Family Programming/Research. The capstone course for students is the undergraduate internship where classroom learning and real life come together to enhance professional competence. The HDFS curriculum draws upon the knowledge of many academic disciplines to promote understanding of current issues for individuals and families in modern society, and it is approved by the National Council on Family Relations to offer the Provisional Certified Family Life Education (CFLE) designation. The Department also operates the Auburn University Early Learning Center as well as the Harris Early Learning Center in Birmingham, Alabama. Both programs are accredited by the National Academy for Early Childhood Program Accreditation.

Fingerprint/Criminal Background Checks are required of all HDFS majors. Students who do not obtain the required background check clearing letters will not be allowed to enroll in courses.

Dual Objective Program: The Dual Objective Program with Human Development and Family Studies and the Early Childhood Education program in the College of Education is open to students in Human Development and Family Studies. Students completing this dual objective program earn the bachelor of science in the declared major from the College of Human Sciences and are eligible for an Alabama Class B teachers certification. Transferring into a teacher education program requires a minimum 2.5 GPA on all college coursework attempted and on all coursework attempted at Auburn.

Academic Standards and Policies: Students must earn a grade of C or better on all 3000 and 4000 level required HDFS major core to complete graduation requirements.

Department of Nutrition, Dietetics, and Hospitality Management

The Department offers two majors: Hotel and Restaurant Management (HRMT) and Nutrition (NTRI). The HRMT program emphasizes food and lodging services for consumers in the tourism industry. The NTRI major offers two options: Nutrition/Dietetics (NTDI) and Nutrition Science (NSPM).

Hotel and Restaurant Management (HRMT)

The HRMT major prepares students for careers in hotels, resorts, restaurant facilities and other positions in the tourism and hospitality industry and addresses the needs of the premium service segment of this industry. With its focus on instructional research and outreach initiatives, the HRMT program's mission is to educate exceptional leaders for the state of Alabama and global hospitality and tourism industries. We concentrate on service excellence, social and ethical responsibility, and diversity in a practically oriented and intellectually challenging learning environment.

Nutrition (NTRI)

The field of nutrition is concerned with human physiology and biochemistry and their relationship to human health, diet, and well-being. The NTRI curriculum has two options which permit specialization according to students' specific interests.

The Nutrition Science option prepares students for health professional schools, such as medical, dental, and physical therapy, as well as for graduate study in the nutrition discipline. The Nutrition Science option serves as a pre-med option.

The Nutrition/Dietetics option prepares students for careers in dietetics, nutrition education, and nutrition. The Didactic Program in Dietetics (DPD) is accredited by the Commission on Accreditation for Dietetic Education, 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, 312-899-0040. Graduates who successfully complete the Nutrition/Dietetics option (DPD) are qualified to apply for a post-baccalaureate dietetic internship which is a requirement prior to taking the national examination to become a Registered Dietitian.

Course work in the major must be taken in sequence. On and off campus transfer students should anticipate that additional semesters of study may be required to complete the program.
