

James Harrison School of Pharmacy

R. LEE EVANS, *Dean*

PAUL JUNGNIKEL, *Associate Dean for Academic and Student Affairs*

WENDY DUNCAN-HEWITT, *Associate Dean for Education*

THE AUBURN Pharm.D. degree program is a four-year course of study that requires the completion of the pre-pharmacy curriculum prior to admission. The curriculum is designed to facilitate the development of those abilities necessary for entry-level practitioners in various practice settings. Consistent with accreditation standards and guidelines, the curriculum provides an appropriate balance of course work in the following areas: biomedical sciences (basic and clinical); pharmaceutical sciences; behavioral, social, and administrative pharmacy sciences; pharmacy practice; and pharmacy practice experience. The goal of the curriculum is to prepare students who can provide pharmaceutical care and are life-long learners. To accomplish this, the curriculum involves students in continuous patient care responsibilities starting upon entry into the school. Students also participate as active, self-directed learners in interdisciplinary teaching models.

Admission

Course requirements for admission to the James Harrison School of Pharmacy may be satisfied by completion of the Pre-Professional Curriculum in the College of Sciences and Mathematics. Any or all of these requirements may be met by transfer of credit from other institutions.

Admission is limited and is contingent upon available facilities and faculty. To be considered for admission the applicant must have a satisfactory grade-point average and satisfactory scores on the Pharmacy College Admissions Test (PCAT). A grade of D in any course will not be accepted. Students are accepted into the James Harrison School of Pharmacy only during fall semester. All pre-pharmacy course work must be completed by the end of the summer term before the professional program begins at the start of fall semester.

Applicants must apply to the James Harrison School of Pharmacy through the Pharmacy College Application Service (PharmCAS) and must also complete the school's Supplemental Application. The James Harrison School of Pharmacy admits students using a rolling admissions process and student applications are prioritized in the order in which they are received. The final deadline for receipt of all application materials is March 1. Students who are successful in meeting the school's initial screening criteria are required to come to the campus for a personal interview in order to be further considered for admission.

Prospective students may obtain application materials and information, which further outlines policies and procedures, from the school's Web site at www.pharmacy.auburn.edu or by contacting the Office of Academic and Student Affairs, 2316 Walker Building, Auburn, AL 36849-5501. Applications through PharmCAS are submitted online at www.pharmacas.org.

* P4 Rotations begin in May and are completed the following April.

** Students must reach 3rd year PYDI standing before completing professional electives.

Academic Performance Standards

The implementation of all guidelines will be in addition to those existing policies and standards of the university.

To remain in good standing, students are required to achieve a James Harrison School of Pharmacy grade-point average of at least 2.25. grade-point averages will be calculated only from professional course work, which is defined as core pharmacy courses approved by the faculty and listed in the Doctor of Pharmacy curriculum.

The James Harrison School of Pharmacy students with semester or cumulative grade-point averages below 2.25, or who receive Ds and Fs in required courses may be dismissed from the James Harrison School of Pharmacy or required to undergo a remedial plan of study as directed by the Committee on Admissions and Academic Requirements. The remedial plan of study may require students to retake courses in which they received grades of less than C. Policies concerning academic progression, probation, and dismissal are specified in the James Harrison School of Pharmacy's Academic Performance Standards. A copy of

the Standards may be obtained from the James Harrison School of Pharmacy's Office of Academic and Student Affairs.

Students must observe pre-requisites and co-requisites stated in the current Auburn University Bulletin. A pre-requisite statement denoting “__-year PYDI standing” indicates that the student must have passed all courses in the prior year of the curriculum.

Any student in the pharmacy curriculum who is subject to academic suspension and desires to re-enter the James Harrison School of Pharmacy must, in addition to complying with the pertinent university regulations, be approved by the James Harrison School of Pharmacy's Committee on Admissions and Academic Requirements.

Notes:

- Students are required to file an application with the Alabama State Board of Pharmacy for registration as an intern at the time they are enrolled in the James Harrison School of Pharmacy. Information and intern registration forms may be obtained from the Alabama State Board of Pharmacy, 10 Inverness Center, Suite 110, Birmingham, AL 35242.
- Upon entering pharmacy school, and at the beginning of each academic year, students are required to furnish documentation of professional liability insurance, current CPR and First Aid certification, personal medical insurance and up-to-date immunizations.
- Pharmacy students are required to attend the Professional Seminar Series.
- The Office of Academic and Student Affairs will provide a list of courses that are approved for professional elective credit. Students may not receive credit for taking professional electives until they reach third professional year standing in the James Harrison School of Pharmacy.
- Students in the Doctor of Pharmacy program are required to own a laptop computer that meets the school's specifications. Questions

about computer specifications should be directed to the school's Office of Information Technology. Computer literacy must be demonstrated upon entry to pharmacy school.

- Students having appropriate qualifications and pre-requisites may be able to take graduate course work while enrolled in the Doctor of Pharmacy program. However, such work cannot be applied toward both the Doctor of Pharmacy and graduate degrees.
- Students are required to adhere to all of the James Harrison School of Pharmacy's codes, policies, and professional requirements. The school will take disciplinary action against those students who violate such codes, policies, and professional requirements.
- Students will be required to periodically take examinations to assess their ability to integrate the knowledge, skills, and attitudes learned to date. Students may be required to complete remedial course work should their performance be unsatisfactory.
- Consistent with the policies of Auburn University, The James Harrison School of Pharmacy reserves the right to at any time make changes in its academic programs, codes, policies and professional requirements.
- Students will be notified of their site assignments for the Advanced Practice Experiences at the earliest feasible time, to enable them to make housing arrangements. Rotation sites are located throughout Alabama, western Georgia and the Florida panhandle. Although students may request specific sites, each site has a limited enrollment and students may be assigned to sites they do not request. Students are responsible for procuring housing, including the assessment of its safety and living conditions (e.g., privacy and single-sex housing). Students are also responsible for housing and other living expenses incurred when assigned to rotation sites away from the Auburn campus.
