**Tweets**
- Signing Up
  - Creating an account is easy. By creating a user name, known as a “handle,” you can describe who you are and begin to interact.

- Following and Followers
  - Search for people you know first. Click the “Follow Button” and whenever that user tweets it will show up on your list to be read.

- Send Out a Tweet
  - “Tweet” is the term used for the text, image, links, etc. that you can post on Twitter.

- Replying to Tweets
  - Interact with other users by mentioning them using the “@” sign followed by their handle (ex. “@AuburnU is great!”).

- Retweeting
  - Retweeting is a common way to share something interesting from someone you follow to your own set of followers. You’ll find the “retweet” button next to posts.

- Hashtags
  - The hashtag is represented by the “#” sign and is used before a relevant keyword or phrase (no spaces) in a tweet to mark keywords or topics (ex. #WarEagle).

We hope these tips provide more understanding of how Twitter works and how you can get and share information with others. Follow AUPA @AuburnParents.
