

- B) Compression
  - 1) Folding

- folding landforms

Appalachian anticline

- 2) Faulting

- c) shear

- Sea floor spreading

Earthquakes

- epicenter

- Modified mercalli

- Richter scale
- Seismographs

- displacement

#### Denudation

- Geo
- Morphology

- tectonics

- Denudation

- gradation

#### Sequential landforms

- Weathering

- Mass wasting

- erosion

#### weathering

- Physical or chemical breakdown

- Bedrock

- Regolith

- Sediment

- soil

#### Physical weathering types

- 1)fracturing

- 2) frost action
- 3) salt crystal growth
- 4) plant root wedging
- 5) temp. change
- 6) unloading
