

**COLLEGE OF SCIENCES AND MATHEMATICS
DEPARTMENT OF MATHEMATICS & STATISTICS
INTERDISCIPLINARY PLAN OF STUDY**

Student Name _____

Phone _____

ID Number _____

Address _____

To the student: The **9 or 15 semester credit hours** of “Interdisciplinary Electives” in your curriculum model (9 hours for DISC, 15 hours for AMTH) are to be selected before the fact and with the consent of your faculty advisor. These courses are typically selected with some common theme in mind and are not intended to be a collection of random courses. In that regard, the following represents the list of courses to be used as the “Interdisciplinary Electives” in your curriculum model.

<u>COURSE NUMBER</u> (e.g. PHYS 3200)	<u>COURSE NAME</u>	<u>SEM CREDIT HRS</u> (e.g. Statistical Thermodynamics) 3
--	--------------------	--

TOTAL HOURS = _____
