CHEMISTRY INSTRUCTOR

The Department of Chemistry and Biochemistry at Auburn University anticipates making one Instructor appointment for the 2015-2016 academic year, with a starting date of August 16, 2015.

Minimum qualifications include a Ph.D. in Chemistry or Biochemistry.

The successful applicant will teach undergraduate courses during the fall 2015 and spring 2016 semesters.

With approximately 25,000 students, Auburn University is a comprehensive research university located in an attractive college town about 90 miles southwest of Atlanta. The Department of Chemistry and Biochemistry offers undergraduate, masters and Ph.D. degrees. Additional information is on the Department’s web site at www.auburn.edu/chemistry.

A letter of application, a curriculum vitae, and a list of three references should be sent to instructorsearch@auburn.edu. Official transcripts will be needed by the start of employment. Although applications will be accepted until the position is filled, review of applications will begin on July 13, 2015. The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time the appointment is scheduled to begin; excellent communication skills are required. Auburn University is an Affirmative Action / Equal Opportunity Employer. Women and minorities are encouraged to apply.
