If you have not taken a math course before transferring, you will be required to take the ALEKS Math Placement assessment before you can register for any math course at Auburn. The math course you are able to begin at Auburn is determined by either a) the highest equivalent math you have passed before transferring or b) the math placement results from the ALEKS assessment which is available in AU Access once you have paid your AU admissions deposit.

[1] Students can choose a sequence in either Literature **or** History, but a history sequence is recommended.

[2] Engineering majors at Auburn University use a restricted core curriculum. Classes taken in addition to the classes listed above will be used to complete the associate degree requirements but are not degree applicable for Engineering.

Students are encouraged to reach out early for additional information & to stay on-track.
