If you have not taken a math course before transferring, you will be required to take the ALEKS Math Placement assessment before you can register for any math course at Auburn. The math course you are able to begin at Auburn is determined by either a) the highest equivalent math you have passed before transferring or b) the math placement results from the ALEKS assessment which is available in AU Access once you have paid your AU admissions deposit.

¹This major requires Ethics and the Health Sciences (PHIL 1030). Students will be required to take one of these courses to complete the bachelor’s degree requirements, regardless of other completed ethics/humanities courses. Please contact us for more information.

²Most majors in the College of Liberal Arts are required to complete a world language sequence.

³Students will need PSY 200 in addition to 6 hours of core social science courses.

Note: In order to graduate within two years, students should take all listed science courses before transferring.
