PRESCRIPTION DRUG BENEFITS

Precertification is required for some drugs; if precertification is not obtained, no benefits are available.

Prescription Drug Card

- Prescription medications can be filled with up to a 30 day supply at retail at one time. The designated copayment for the medication's tier is due with each fill.
- The pharmacy network for the plan is Prime Participating Network Locate a Prime Participating Network pharmacy at AlabamaBlue.com/Prime ParticipatingPharmacyLocator
- View the Standard Prescription Drug list that applies to the plan at

AlabamaBlue.com/StandardDrugList

- Retail pharmacy benefits are available for prescription drugs up to a 90-day supply with one copay when purchased through pharmacies participating in Prime's Extended Supply Network (ESN).
- Retail pharmacy benefits are available for prescription drugs up to a 90 day supply with two copays when purchased at the Auburn University Employee Pharmacy.
- AU maintains a list of select medications that are considered maintenance medications. (Note: This list does not include all chronic medications.) These medications are used to treat chronic disease and are often stabilized at treatment doses. For medications on this list, the first fill is limited to a 30 day supply (this includes when the medication is first started, re-started after a lapse in therapy, or the dosage is adjusted). After 30 days of treatment, if the prescriber is comfortable that the medication is effective, well tolerated and dosed optimally, then the prescriber has the option to write for up to a 90 day supply, and the patient will only be responsible for two copayments instead of three when purchased through pharmacies participating in the extended supply pharmacy network (ESN Network). View the maintenance drug list that applies to the plan at AlabamaBlue.com/ MaintenanceDrugList
- AU offers a pharmacy benefit where a beneficiary
 can elect to participate in a voluntary pill-splitting
 program for cholesterol-lowering medications
 called "statins". Through this program if the
 prescriber writes for half a tablet of a higher
 strength medication instead of a whole tablet of a
 lower strength medication, then the patient will
 pay a half co-pay (for 17 tabs for a 34 day supply
 and one copay for 45 tabs for a 90 day supply).
 For the 90-day supply, the statin must be on the
 AU approved maintenance drug list.
- Specialty drugs can be dispensed for up to a 30day supply. They can be filled at the AU Employee Pharmacy (334-844-8938 or tigermeds@auburn.edu). View the Specialty Drug Lists at

AlabamaBlue.com/SelfAdministeredSpecialtyD rugList and

Tier 5 drugs on Specialty Drug Coupon Program List: greater of 25% of the allowed amount or the full amount of the available manufacturer or provider cost share assistance program payments (such as manufacturer cost share assistance, manufacturer discount plans, and/or manufacturer coupons).

- The TigerMeds program is an employee benefit offered to employees and family members who subscribe to the AU Health Insurance Plan. It is offered exclusively through AU's Employee Pharmacy. To enroll in TigerMeds, beneficiaries must complete a baseline medication therapy management (MTM) (medication check-up) appointment with a pharmacist, and must transfer all prescription medications to the AU Employee Pharmacy (not a partial list; must transfer all meds). Once enrolled in TigerMeds, the beneficiary receives generic Tier 1 medications at no copay (\$0), and Tier 2 at \$10 copay per prescription. Patients are also eligible for free on-campus and local delivery, free refill reminders, remote pharmacy consultations, etc. (334) 844-8938 or tigermeds@auburn.edu
- Medication Tiers are subject to change. To look up the tier of a specific medication visit AlabamaBlue.com/StandardDrugList

Non-Participating Pharmacy in Alabama:

No benefits are available for prescriptions purchased in a non-Participating Pharmacy in Alabama. Non-covered.

Non-Participating Pharmacy Outside Alabama:

Covered at 100% of the allowance subject to the in-network copays (see column to left). In addition, the member will be responsible for any difference between the allowance and the actual billed charge.

(**Note:** The amount paid for the difference between the allowance and the actual billed charge does not apply to the in-network out-of-pocket maximum.)

Useful Information to Maximize Benefits

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD, Preferred Care).
- In-network pharmacies are pharmacies that participate with Blue Cross and Blue Shield of Alabama or its pharmacy benefit manager(s). Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and /or Blue Shield Plan. If
 you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the
 allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge
 for care in the area or in accordance with applicable Federal Law.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.

This is not a contract, benefit booklet or a Summary Plan Description.

Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet).

Check your benefit booklet for more detailed coverage information.
