BlueCard PPO
January 1, 2024

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
<p><i>Benefit payments are based on the amount of the provider's charge that Blue Cross and Blue Shield recognizes for payment of benefits. The allowed amount may vary depending upon the type provider and where services are received. Some services require a copay, coinsurance or calendar year deductible for each visit or service.</i></p>		
HEALTH SAVINGS ACCOUNT (HSA)		
<p>A Health Savings Account (HSA) is an account established with pre-taxed money in order to save for future medical expenses. In order to establish an HSA you must first be enrolled in an HSA-Qualified High Deductible Health Plan (HDHP). This plan is designed to be an HSA-qualified HDHP. If eligible, enrolling in an HDHP allows you the opportunity to make contributions to an HSA on a pre-tax basis.</p>		
<p>Maximum Contribution: The maximum contribution amount is indexed each year by the U.S. Treasury. The 2024 maximum contribution is: \$4,150 for self-only coverage and \$8,300 for family coverage. If you have any questions about the benefits of an HSA, please consult your tax accountant.</p>		
SUMMARY OF COST SHARING PROVISIONS		
<p>Calendar year deductibles and out-of-pocket maximums will be calculated in accordance with applicable Federal law.</p>		
<p>Calendar Year Deductible</p> <p>For self-only coverage, no benefits, except preventive care, are paid by the plan until medical expenses paid by the individual equal the deductible amount. For employee + spouse, employee + child(ren) or family coverage, no benefits, except preventive care, are paid by the plan until the total medical expenses paid by the covered family members equal the family deductible amount.</p>	<p>\$2,500 self-only coverage; \$5,000 family coverage</p> <p>Deductible amounts met in-network will apply to the out-of-network deductible</p>	<p>\$5,000 self-only coverage; \$10,000 family coverage</p> <p>Deductible amounts met out-of-network will apply to the in-network deductible.</p>
<p>Calendar Year Out-of-Pocket Maximum</p> <p>After you reach your self-only Calendar Year Out-of-Pocket Maximum (even if you are covered under a family contract), applicable expenses for you will be covered at 100% of the allowed amount for remainder of calendar year. If you have employee + spouse, employee + child(ren) or family coverage, the total out of pocket expenses for all covered members will not exceed the family out of pocket limit.</p>	<p>\$5,000 self-only coverage; \$10,000 family coverage</p> <p>Deductibles, copays and coinsurance for in-network services and out-of-network mental health and substance abuse emergency services apply to the in-network out-of-pocket maximum</p>	<p>There is no out-of-network out-of-pocket maximum</p>
INPATIENT HOSPITAL AND PHYSICIAN BENEFITS		
<p>Precertification is required for inpatient admissions (except medical emergency services, maternity and as required by Federal law); notification is required within 48 hours for medical emergencies. Generally, if precertification is not obtained, no benefits are available. Call 1-800-248-2342 (toll-free) for precertification.</p>		
<p>Inpatient Hospital (including maternity)</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 60% of the allowed amount subject to calendar year deductible</p> <p>Note: In Alabama, available only for medical emergency services and accidental injury</p>
<p>Inpatient Physician Visits and Consultations</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 60% of the allowed amount subject to calendar year deductible</p> <p>In Alabama, covered at 50% of the allowed amount, subject to calendar year deductible</p>
OUTPATIENT HOSPITAL BENEFITS		
<p>Precertification is required for provider-administered drugs; visit AlabamaBlue.com/ProviderAdministeredPrecertificationDrugList. If precertification is not obtained, no benefits are available.</p>		
<p>Outpatient Surgery (Including Ambulatory Surgical Centers)</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 60% of the allowed amount subject to calendar year deductible</p> <p>In Alabama: Not covered</p>
<p>Emergency Room (Medical Emergency)</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 80% of the allowed amount subject to in-network calendar year deductible</p>
<p>Emergency Room (Accident)</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 80% of the allowed amount subject to in-network calendar year deductible</p>
<p>Emergency Room Physician</p>	<p>Covered at 80% of the allowed amount subject to calendar year deductible</p>	<p>Covered at 80% of the allowed amount subject to in-network calendar year deductible</p>

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
PRESCRIPTION DRUG BENEFITS		
Precertification is required for some drugs; if precertification is not obtained, no benefits are available.		
<p>Prescription Drug Card</p> <ul style="list-style-type: none"> • Prescription medications can be filled with up to a 30 day supply at retail at one time. The designated copayment for the medication's tier is due with each fill. • The pharmacy network for the plan is Prime Participating Network Locate a Prime Participating Network pharmacy at AlabamaBlue.com/PrimeParticipatingPharmacyLocator • View the Standard Prescription Drug list that applies to the plan at AlabamaBlue.com/StandardDrugList • See AlabamaBlue.com/AdditionalStandardHSAPreventiveDrugList for a listing of the specific preventive prescription drugs or call our Customer Service Department for a printed copy. • Retail pharmacy benefits are available for prescription drugs up to a 90-day supply with one copay when purchased through pharmacies participating in Prime's Extended Supply Network (ESN). • Retail pharmacy benefits are available for prescription drugs up to a 90 day supply with two copays when purchased at the Auburn University Employee Pharmacy. • AU maintains a list of select medications that are considered maintenance medications. (Note: This list does not include all chronic medications.) These medications are used to treat chronic disease and are often stabilized at treatment doses. For medications on this list, the first fill is limited to a 30 day supply (this includes when the medication is first started, re-started after a lapse in therapy, or the dosage is adjusted). After 30 days of treatment, if the prescriber is comfortable that the medication is effective, well tolerated and dosed optimally, then the prescriber has the option to write for up to a 90 day supply, and the patient will only be responsible for two copays instead of three when purchased through pharmacies participating in the extended supply pharmacy network (ESN Network). View the maintenance drug list that applies to the plan at AlabamaBlue.com/MaintenanceDrugList • AU offers a pharmacy benefit where a beneficiary can elect to participate in a voluntary pill-splitting program for cholesterol-lowering medications called "statins". Through this program if the prescriber writes for half a tablet of a higher strength medication instead of a whole tablet of a lower strength medication, then the patient will pay a half co-pay (for 17 tabs for a 34 day supply and one copay for 45 tabs for a 90 day supply). For the 90-day supply, the statin must be on the AU approved maintenance drug list. • Specialty drugs can be dispensed for up to a 30-day supply. They can be filled at the AU Employee Pharmacy (334-844-8938 or tigermeds@auburn.edu). View the Specialty Drug Lists at AlabamaBlue.com/SelfAdministeredSpecialtyDrugList and AlabamaBlue.com/ProviderAdministeredSpecialtyDrugList • Diabetic Supplies (copays apply) are covered only through the Prescription Drug Card Program. Some copays might be combined. 	<p>Participating Pharmacy (In Network): Except for prescriptions considered preventive, you must satisfy your calendar year deductible before the coverage outlined below applies. Covered at 100% of the allowed amount, subject to the following copays per prescription:</p> <p>For additional covered HSA Preventive Drugs: Cost sharing will be the same as regular prescription drug benefits below NOT subject to calendar year deductible</p> <p>Tier 1 Medications:</p> <ul style="list-style-type: none"> • No copay through the TigerMeds Program (see below) • \$15 copay per prescription at all in-network pharmacies • \$30 copay per prescription at non-preferred pharmacies* <p>Tier 2 Medications:</p> <ul style="list-style-type: none"> • \$10 through the TigerMeds Program (see below) • \$25 copay per prescription at all in-network pharmacies • \$40 copay per prescription at non-preferred pharmacies* <p>Tier 3 Medications:</p> <ul style="list-style-type: none"> • \$55 copay per prescription at all in-network pharmacies • \$70 copay per prescription at non-preferred pharmacies* <p>Tier 4 Medications:</p> <ul style="list-style-type: none"> • \$85 copay per prescription at all in-network pharmacies • \$100 copay per prescription at non-preferred pharmacies* <p>Tier 5 Medications:</p> <p>25% coinsurance up to a maximum of \$800 per prescription at preferred pharmacies *</p> <ul style="list-style-type: none"> • The TigerMeds program is an employee benefit offered to employees and family members who subscribe to the AU Health Insurance Plan. It is offered exclusively through AU's Employee Pharmacy. To enroll in TigerMeds, beneficiaries must complete a baseline medication therapy management (MTM) (medication check-up) appointment with a pharmacist, and must transfer all prescription medications to the AU Employee Pharmacy (not a partial list; must transfer all meds). After meeting the calendar year deductible, once enrolled in TigerMeds, the beneficiary receives generic Tier 1 medications at no copay, and Tier 2 at \$10 copay per prescription. Patients are also eligible for free on-campus and local delivery, free refill reminders, remote pharmacy consultations, etc. (334) 844-8938 or tigermeds@auburn.edu. • Medication Tiers are subject to change. To look up the tier of a specific medication visit AlabamaBlue.com/StandardDrugList • *Non-preferred pharmacies: CVS owned and operated pharmacies, such as, CVS pharmacy and Target pharmacy. 	<p>Non-Participating Pharmacy in Alabama: No benefits are available for prescriptions purchased in a non-Participating Pharmacy in Alabama. Non-covered.</p> <p>Non-Participating Pharmacy Outside Alabama: Covered at 100% of the allowed amount subject to the in-network copays and the calendar year deductible (see column to left). In addition, the member will be responsible for any difference between the allowance and the actual billed charge.</p> <p>(Note: The amount paid for the difference between the allowance and the actual billed charge does not apply to the in-network out-of-pocket maximum.)</p>

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
<ul style="list-style-type: none"> • There have been several medications excluded from the AU prescription plan this year, and some medications have changed tiers. Support is available for any beneficiary who has experienced a change in prescription drug coverage or cost in prescription medications. Individual medication consultations are available through the Auburn University Pharmaceutical Care Center (AUPCC). Call 334-844-4099 or e-mail aupcc4u@auburn.edu to schedule an appointment. For more information about the AUPCC- See: http://www.auburn.edu/academic/pharmacy/phs/clinic/employee.html • Oral prescription medications used to treat impotence, erectile dysfunction, sexual dysfunction (in men or women) is not covered by the AU prescription plan. Sildenafil (generic Viagra®) is covered with a PA when medical necessity is demonstrated for other disease states such as pulmonary artery hypertension (PAH). • Prescription Proton Pump Inhibitors (PPIs) will be restricted to generic omeprazole, generic pantoprazole, and generic lansoprazole (all Tier 1). No step therapy will be required. Many PPIs that were historically only available with a prescription are now available over-the-counter (OTC). Prevacid Solutabs® ODT tablets are available only with a PA demonstrating medical need. (Tier 4 - \$80 copayment or \$95 copayment at a non-preferred pharmacy - per prescription, when approved). • Prescription nasal steroids will be restricted to generic fluticasone only (Tier 1). Prescription strength nasal steroids are available over the counter (OTC) without a prescription. Medication information and assistance with OTC selections are available through the AU Employee Pharmacy (tigermeds@auburn.edu). • Infertility limited to oral medications only. No injectable fertility medications are covered. • The AUPCC offers a "TigerMeds Cholesterol" program. Beneficiaries who take certain brand name cholesterol medications might be invited to participate in this employee benefit program. The TigerMeds Cholesterol program focuses on providing quality, individualized care by a team of healthcare professionals to ensure optimal outcomes of medication use----and also the potential to save the beneficiary money in out-of-pocket medication costs. The AUPCC also has diabetes management, asthma, COPD, congestive heart failure, and smoking cessation programs. Call 334-844-4099 for more information. Employee incentives are provided for qualifying patients who participate in these programs in the AUPCC. • The AU Employee Pharmacy (AUEP) is proud to serve as a local resource for specialty medications, drug information and medication monitoring. Please call the AU Employee Pharmacy at (334) 844-4938 or e-mail tigermeds@auburn.edu for more information. • The AU Employee Pharmacy provides 24 hour/7 days a week access to a pharmacist. You or your physician can access the on-call pharmacist by calling 334-750-1048. The on-call pharmacist will assist you with medication filling during medication emergencies. 	<ul style="list-style-type: none"> • AU strictly enforces a mandatory generic policy. If a generic is available for a brand name medication, then the generic must be dispensed. The only exception to this policy is a short list of narrow therapeutic drugs (NTD) that might be prescribed brand name by a physician if brand is deemed necessary. In all other situations, if a brand name of a medication is requested for a medication where there is a generic available (regardless if the request comes from the doctor or the patient), the medication will be non-covered and the patient will be responsible for all costs. The only exception is for the NTI override list. • A limited number of medications used for chronic diseases at stable doses are classified as "maintenance medications" on our plan. This list does not include all chronic medications. If a prescriber considers a treatment (drug and dose) as stable and wishes to write for a 90-day supply, then the subscriber can get a 90 day supply for two copayments instead of three. All Tier 4 and Tier 5 chronic maintenance medications are excluded from the maintenance medication program. • Certain immunizations may also be obtained through the Pharmacy Vaccine Network. See AlabamaBlue.com/VaccineNetworkDrugList for more information <p>For more information on AU's pharmacy benefit, please refer to your benefit booklet</p>	

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
HEALTH MANAGEMENT BENEFITS

Contraceptive Management	Covers prescription contraceptives, which include: birth control pills, injectables, diaphragms, IUDs and other non-experimental FDA approved contraceptives; subject to applicable deductibles, copays and coinsurance.	
Baby Yourself®	A maternity program; For more information, please call 1-800-222-4379. You can also enroll online at AlabamaBlue.com/BabyYourself .	

Useful Information to Maximize Benefits

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD, Preferred Care).
- In-network pharmacies are pharmacies that participate with Blue Cross and Blue Shield of Alabama or its pharmacy benefit manager(s). Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and /or Blue Shield Plan. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge for care in the area or in accordance with applicable Federal Law.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.

***This is not a contract, benefit booklet or a Summary Plan Description.
Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet).
Check your benefit booklet for more detailed coverage information.
