
Auburn University Job Description

Job Title:	Spec, Assist Technologies	Level I	Grade 31 \$31,300 - \$52,100
Job Code:	AC02	Level II	Grade 32 \$35,000 - \$58,400
FLSA status:	Exempt	Level III	Grade 33 \$39,300 - \$65,500

Job Summary

Provides professional services for the delivery of Assistive Technology to disabled students.

Essential Functions

1. Evaluate students to determine their need for the use of Assistive Technology and instruct and provide assistance to students.
2. Develop an Assistive Technology plan coordinating the services of Assistive Technology laboratories and the installation of Assistive Technology with the development and implementation of new programs and improvements for existing programs.
3. Train students in the use of Assistive Technology.
4. Research existing and new Assistive Technology developed for use in higher education; and review relevant literature and computer programs.
5. Prepare educational and informational materials in alternative formats for students registered with Programs for Students with Disabilities.
6. Interpret psycho educational reports to determine students' academic strengths and weaknesses and use that information to provide academic instruction and counseling to the student.
7. Collaborate with staff and other University departments to identify students who may benefit from Assistive Technology.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.

Auburn University Job Description

Job Family Levels

Level	Responsibility	Knowledge	Education and Experience*
I	Under immediate supervision, performs standard tasks using established methods, principles, concepts and procedures related to a specialized field. Judgments are made on routine matters of relatively small impact.	Knows fundamental concepts, practices and procedures of particular field of specialization.	Bachelors degree in discipline appropriate to position with no experience.
II	Under close supervision, performs varied duties and assignments involving some judgment. Resolves routine questions or problems, referring only complex issues to higher level. Some evaluation, originality and ingenuity required.	Knows and applies fundamental concepts, practices, and procedures of particular field of specialization, with awareness of related fields.	Bachelors degree in discipline appropriate to position plus 2 years experience. Experience must include at least 2 years at the preceding level or equivalent.
III	Under minimal supervision, performs complex assignments and fulfills broad responsibilities where required outcomes are defined, but methods and procedures may vary based on professional judgment or precedent. Considerable latitude for unreviewed action. Confers with supervisor on unusual matters. Coordinates the work of others on projects and may assign work to and assist less experienced professionals or support staff. May act in an advisory capacity to managers or faculty.	Possesses and applies a broad knowledge of principles, practices and procedures of a particular field of specialization to the completion of difficult assignments. Also possesses knowledge of related fields and areas of operation which affect, or are affected by, own area.	Bachelors degree in discipline appropriate to position plus 4 years experience. Experience must include at least 2 years at the preceding level or equivalent.

* See the "Minimum Required Education and Experience" section of the job description for any substitutions that may be allowed for education and experience.
