JOB FAMILY AND FUNCTION

Job Family:	Academic Services & Administration
Job Function:	Instructional Technology & Design

JOB SUMMARY

Manages instructional technology services in support of faculty or outreach programs to provide technology-enhanced delivery of instruction.

RESPONSIBILITIES

- Provides leadership and initiative in the identification, evaluation, recommendation, design, development, and deployment of instructional technology.
- Collaborate with faculty, department heads, architects, OIT, and others as appropriate on the concept and scope of multimedia or instructional technology projects.
- Manages projects involving coordination with own team members as well as OIT, Facilities, Telecommunications, or others.
- Secures funding and manages budgets and expenditures related to instructional technology.
- Develops and delivers training classes or workshops to faculty and staff in the use of instructional multimedia technologies to support distance learning and other instructional objectives.
- Develops operational processes and standards for instructional technology programs, investments, and activities.
- Serves as the point of contact for the Instructional Technology department.
- Selects faculty/instructors for non-credit outreach courses.
- Produces video projects in support of instruction and or distance learning.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
