JOB FAMILY AND FUNCTION

Job Family:	Student Resources
Job Function:	Career Strategies

JOB SUMMARY

The Director, Corporate Relations and Professional Development directs strategies to initiate, develop and deepen industry partnerships for the Samuel Ginn College of Engineering (SGCOE). Plans, develops, and implements signature programs to create connections between employers and students for recruitment purposes. Oversees employer engagement in the Co-op and Internship program.

RESPONSIBILITIES

- Develops and cultivates relationships with industry partners, college relations/recruiter contacts and other hiring sources to increase and improve quality of opportunities for students to develop professional skills, integrate academic learning with work, and secure jobs, Co-ops, and internships. Assesses recruitment needs for industry partners and assists in developing engagement plans specific to their hiring/branding goals.
- Directs all on-campus recruiting programs for SGCOE. Organizes and sets the annual recruitment calendar. Creates, develops, and implements both large- and small-scale events, including career fairs, industry day, employer summits, and one-on-one employer engagements to provide connections opportunities between companies/ organizations and students. Oversees implementation of more than 100+ employer engagements per year with 400+ companies engaging with Auburn Engineering.
- Directs corporate relations strategies and manages corporate partnerships for the Co-op Internship program. Develops new relationships with companies/organizations for the purpose of providing Co-Op and internship opportunities for students. Educates companies regarding how to start a Co-op or internship program. Facilitates communication between students and employers when necessary, including helping navigate specific issues related to workplace environment.
- Creates and implements the strategic direction of the Corporate Relations program including developing and accessing short-term and long-term goals and objectives for the program. Leverages data to inform the development, maintenance, and growth of strategic employer relationships across industry sectors.
- Supervises Corporate Relations staff, including training, evaluating, salary decisions, promotions, and other employment decisions.
- Serves as a liaison between the program and stakeholders such as the University Career Center, college administrator, departmental programs coordinators/advisors, industry, and students. Builds relationships by developing and promoting interactions between department administration, business/industry partners, alumni faculty, staff, and students. Creates one-on-one or group setting opportunities for industry partners to meet with department administration, faculty, staff, and students to match company needs with the College of Engineering and industry partners to gain an understanding of objectives regarding research, recruiting, advancement, and student development.
- Performs other duties as assigned.
