JOB FAMILY AND FUNCTION

Job Family: Production & Skilled Trades

Job Function: Access Control

JOB SUMMARY

Responsible for coordinating the daily administration of key management and card access systems; resolving technical issues; and providing keying, electronic access, and time-zone-related services to University staff, students, and affiliates. Coordinates mechanical and electronic access procedures and programs and acts as a gatekeeper for system data integrity to ensure the most accurate and effective use of system resources.

RESPONSIBILITIES

- Assigns and tracks keys, cards, and credential access levels for the campus population. Validates authorized requests and creates, modifies, and deletes users, pin segments, and/or various credentials in the system.
 Analyzes, reviews, and resolves duplicate or erroneous record issues.
- Utilizes key management and/or Access Control systems, databases, and software. Ensures system data integrity and audits frequently for errors, archiving needs, or updates.
- Provides needed technical assistance and coordination to address and resolve access concerns and ensure high levels of customer service. Coordinates with segment and building administrators to resolve issues.
- Serves as a liaison between Access Control and other campus departments concerning keying and access needs. Schedules varying access to classrooms, labs, and conference rooms.
- Assists supervisors, architects, clients, building managers, and engineers with the design, implementation, and maintenance of access control systems. Coordinates cross-functional use, maintenance, and distribution of existing access levels.
- Serves as a liaison between Access Control and all other campus departments to facilitate communication relating to policies, procedures, documents, work-flows, and access requirements. Reviews processes involved with requests and identifies improvements or edits.
- Creates and assigns master keying as well as locking/unlocking time zones for the campus including segments, buildings, and labs. Identifies and resolves conflicts to ensure efficient master keying and time zone management.
- Develops and delivers system reports for various University departments as needed. Coordinates processes for recurring reports to be utilized by Public Safety. Reviews HR/ID Management reports and modifies key records and employee access daily.
- Performs a variety of administrative duties such as budget tracking and coordination, purchasing, inventory
 management, card reader licensing management, and acting as a point of contact for vendors/outside
 agencies.
- Assists in coordinating the programming, installation, modification, or updates of readers and associated hardware. Tracks biometric and other reader locations.

RESPONSIBILITIES

- May be responsible for meeting and maintaining training and certification requirements as outlined by the Auburn University Facilities Management Policy: "Training, Education, and Certification Requirements for Mechanical and Electrical Trades Personnel."
- May perform other related duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
