Auburn University Job Description

Job Title: Learning Specialist Athletics

Job Code: BB39

FLSA status: Exempt

Job Family: Athletics

Job Function: Student Support Services & Academic Support

Job Summary

Creates, implements, and oversees integrated plans comprised of targeted programs and services designed to provide individualized structured assistance for student-athletes with significant academic challenges (students with documented education-impacting disabilities, international students, academically unsuccessful students, etc.). The plans are proactive, sustained and implemented to enhance student success and develop independent and self-motivated learners. The Learning Specialist's activities will support the mission and goals of Student-Athlete Support Services (SASS).

Essential Functions

1. Creates, implements, and oversees data driven programs and services to meet the unique needs of the most academically challenged student-athletes with the goal of increasing retention and graduation. Creation of individualized learning plans and incorporation of Academic Strategists and Tutors in the plan’s execution is essential. The approaches must follow industry best practices and incorporate innovative strategies.

2. Creates, implements, supervises, and assesses programmatic and training initiatives and serves as a resource to SASS staff including Academic Counselors, Academic Strategists, and Tutors to ensure service providers are equipped with the skills and techniques required to best serve academically at-risk student-athletes.

3. Serves as the liaison between SASS and the AU Office of Accessibility and the external screening and diagnostic service (clinical psychologists) providing additional assessment of at-risk student-athletes. The Learning Specialist is an advocate for students when needed in regards to the process beginning with intake and initial assessments through diagnosis and the implementation and utilization of accommodations.

4. Creates, implements, and leads a comprehensive summer bridge program that begins to acclimate students to the rigor of college while also strategically providing needed remediation in the areas of math, reading, and writing.

5. Creates and teaches workshops to targeted student-athletes focused on decision-making, time management, organization, self-advocacy, reading, math, study skills, and goal-setting.

6. Coordinates and facilitates initial screening, assessment, and diagnostics testing of student-athletes and makes referrals for additional testing by external clinical psychologists when the Learning Specialist deems this necessary. Additionally, consults and collaborates with external clinical psychologists, the team physician, the Athletics Department sports psychologists, and other professionals with regard to interpretation and utilization of data as it pertains to students diagnosed with education-impacting disabilities or experiencing academic challenges.

7. Works one-on-one with at-risk student-athletes employing the specific individualized learning strategies created to enhance academic skill development.

8. Maintains confidential records and historical data.

9. Ensures goals and objectives are met with strict adherence to NCAA, SEC, and Auburn University policies and procedures.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
Auburn University Job Description

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
