**JOB SUMMARY**

Coordinates monthly reconciliations of financial and asset systems to ensure compliance with auditing standards and data accuracy. Administers Radio Frequency Identification (RFID) asset tracking, maintains inventory records, and acts as a liaison for departmental inventories and asset management.

**RESPONSIBILITIES**

- Performs monthly reconciliations between financial records and asset systems to ensure accuracy and compliance with auditing regulations. Ensures alignment of data across systems to support financial reporting requirements.
- Administers the Radio Frequency Identification (RFID) asset tracking system, which involves managing server updates in collaboration with the Office of Information Technology (OIT), addressing daily error reports, and resolving issues. Acts as a liaison between OIT and asset management software to troubleshoot significant program errors. Coordinates the procurement of RFID and barcode labels for labeling new assets and replacing RFID tags and communicates with departments regarding missing inventory.
- Maintains current and accurate inventory records for university assets. Utilizes asset management systems to maintain the accuracy of records.
- Acts as a liaison between Asset Management and campus departments regarding inventories and university assets.
- Handles all property service approvals in the Property Transfer system related to asset moves, asset sales, and asset deletion requests.
- Leads a team of Property Auditors to perform physical inventory and tagging of all university assets in university organizations on campus and outlying units.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
