Auburn University Job Description

Job Title: Univ Industrial Hygienist I  
Job Code: EE28  
FLSA status: Exempt  
Job Family: No Family  
Grade LC09: $48,700 - $82,800

Job Summary
Under direct supervision of the Safety and Health Manager, the University Industrial Hygienist I assists in identifying, evaluating, and controlling workplace hazards; assists colleges and university departments in complying with applicable workplace regulations and national consensus standards; and supports safe work practices and environments for the Auburn University community, including employees, students, visitors, and contractors and vendors. Assists with routine industrial hygiene and occupational safety and health questions or problems, collaborates with the Safety and Health Manager or other management personnel on complex issues.

Essential Functions
1. Participates with others in monitoring Auburn University's health standards in accordance with regulations and assists in compliance. Assists with analyzing, identifying, and measuring workplace hazards or stresses that can cause sickness, impaired health, or significant discomfort through chemical, physical, ergonomic, or biological exposures.
2. Assists others by performing inspections, site consultations, hazard analysis, etc. to maintain corrective or preventative action program to periodically assess conformance with federal, state, and local requirements as well as Auburn University's policies and procedures relating to fire and life safety and occupational safety and health.
3. Assists in facilitating the collection of samples for noise, dust, gases, vapors, and other potentially toxic materials for analysis. Identifies and evaluates chemical and biological dangers such as air quality, ergonomic challenges, or dangerous sound levels. Provides technical review and interpretation of sampling results.
4. Assists in writing reports incorporating findings, risk assessments, and recommended corrective actions.
5. Assists in developing and may conduct safety trainings to university faculty, staff, and students in areas of fire and life safety and occupational safety and health to include respirator protection, powered industrial equipment/trucks, asbestos, fall protection, etc.
6. Performs other duties as assigned.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
