JOB FAMILY AND FUNCTION

Job Family:	Administration & Operational Support
Job Function:	Operational Support

JOB SUMMARY

Manages the non-clinical operations of a medical clinic to include full supervision of the support staff for the facility.

RESPONSIBILITIES

- Manages the daily business operations of a medical clinic to include, but not limited to, establishing/improving the clinic structure and processes, developing and administering operational policies and procedures, and monitoring financial transactions and clinical activity reports and processes.
- Manages all billing and collection procedures, to include appropriate coding, and ensures that staff are trained and educated in all regulatory procedures and practices regarding medical coding and billing.
- Oversees and is responsible for data collection and conducts analysis of data in order to advance programs/service development and expansion, strategy development, priority identification and program planning.
- Monitors delivery of patient services to include forecasting and preparing for all changes needed or impacted by patient load and billing/collecting procedures.
- Develops processes to monitor and analyze the productivity, patient satisfaction, and financial data for the site and communicates findings to administrators.
- Serves as the primary point of contact for site related issues, complaints, service delivery, and special events.
- Interprets, executes, and ensures compliance with related established local, state, and federal laws.
- Reviews, investigates, and corrects errors in financial entries and reports.
- May perform duties related to payroll, personnel actions, or similar procedures.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
