JOB FAMILY AND FUNCTION

Job Family:	Health & Wellness
Job Function:	Nursing

JOB SUMMARY

Provides professional nursing support and direct patient care following established standards and practices.

RESPONSIBILITIES

- Prepares patients for examinations and treatments and collects objective and subjective assessment data in preparation for the patients exam.
- Serves as a productive member of the interdisciplinary care team providing input into care decisions.
- Provides direct patient care such as administration of medications and immunizations, venipuncture, health screenings, vital signs, conducting tests and other patient care activities.
- Documents patient care provided and follows all regulatory guidelines.
- Communicates test results to patients under the direction of the primary care practitioner.
- Coordinates medical care with other providers when patients are referred to other providers.
- Prepares and maintains clinical supplies and equipment.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
