JOB FAMILY AND FUNCTION

Job Family: Facilities, Maintenance, & Operations

Job Function: Facilities & Land Maintenance

JOB SUMMARY

Provides leadership in the overall management of Ag Land Resource Management (ALRM) staff, budgets, and construction projects. Provides guidance in the administration of the ALRM work order system and information technology functions, Federal Excess Property inventory, engineering data interpretation, fleet maintenance and equipment inventory. Oversees the planning and execution of in-house construction projects in support of the College of Agriculture (CoAG), Alabama Agricultural Experiment Station (AAES), as well as other units across campus to include the repair, renovation, and/or new construction of Ag-related facilities and land management. Works closely with CoAG and AAES administrators in the development of comprehensive services for units related to AAES projects.

RESPONSIBILITIES

- Manages the Ag Land and Resource Management unit to provide support for AAES and CoAG research
 initiatives through in-house construction and heavy equipment operations. Ensures that all projects meet
 established campus standards and works with AU Facilities meet or exceed state construction guidelines.
- Provides leadership and guidance to the Associate Director, Supervisor of Heavy Equipment and Construction and the Coordinator on a regular basis. Oversees strategic programming, forecasting, and planning for the daily operations of Ag and AAES Land and Facilities Management. Provides oversight of ALRM employee activities pertaining to training, performance evaluations, and making or recommending pay, promotion or other employment decisions.
- Serves as Area Property Officer for Federal Excess property and coordinates with employees, faculty, and University units to implement strategic programs and construction projects pertaining to Ag, AAES, and COAG.
- Establishes and administers programs, policies, procedures and processes to ensure the safe and timely execution of all work performed by ALRM personnel.
- Prepares departmental budget and administrative reports and analyzes and interprets financial data.
- Serves as a liaison between College of Agriculture and Facilities Management and represents AAES/COAG on various committees.
- Performs other duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility Supervises others with full supervisory responsibility.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below.
