## JOB FAMILY AND FUNCTION

Job Family:	Administration & Operational Support
Job Function:	Administrative Support

## JOB SUMMARY

Reporting to the Dir, Auburn Research Park, this position organizes data and provides reports for regular assessment of operations, buildings, and equipment. Provides data to support management in the development of long-range and short-range plans for staffing, budgeting, equipment replacement, etc. This position works in concert with the Auburn Research Park (ARP) staff, particularly in support of Facilities Management.

## RESPONSIBILITIES

- Serves as the main point of contact for receiving and communicating routine buildings and grounds issues or concerns to AU Work Management. Responsible for contacting outside service providers for any work falling under a service contract. Uses independent judgment and immediately follows up with management on work considered to rise above the threshold of routine maintenance or repair.
- Establishes a dedicated work order database to streamline workflow and create a centralized repository for requests. This may involve coordinating with AU OIT to customize a program or exploring external service providers that offer work-management software capable of logging work orders by date and type. Works with ARP Facilities Manager to ensure all work orders are reported, documented, properly assigned, scheduled, and completed in a timely manner within this database.
- Maintains a comprehensive directory that includes contact information for AU Facilities, as well as a categorized list of general contractors and other specialized contractors based on their trade.
- Facilitates requests for AU Affiliate Cards on behalf of ARP tenants and their employees for building access. Communicates with Access Control for staff or students that need access to Auburn Research & Technology Foundation (ARTF) buildings and other swipe access.
- Maintains records and documentation of work activities, supplies, and equipment. Maintains procedures and operating instructions for areas related to ARTF Research Park. This includes items like records of keys, inventory of supplies, severe weather drills, emergency action plans, facilities operations, software, etc.
- Maintains the master filing system for all original lease agreements, related amendments, extension to lease agreements, termination of lease agreements, non-renewal of lease letters, construction contracts, architectural plans, project close-out documents, as-builts, surveys, environmental assessment studies, and any other document, legal or otherwise, requiring both paper and electronic filing.
- Provides general and specialized administrative support including, but not limited to, preparing agendas, notices, minutes, reports, and documents; providing correspondence, filing, and record-keeping; preparing and processing forms; overseeing mail distribution and outgoing mailings; as well as purchasing and ordering supplies through material requests and other methods.

## RESPONSIBILITIES

- Collaborates with relevant personnel to schedule random Severe Weather Drills, ensuring all tenants are well-acquainted with the designated Areas of Refuge outlined in the Emergency Relief Action Plan provided to each building tenant.
- Coordinates with appropriate personnel and the City of Auburn Fire Department to schedule at least two fire drills per year to ensure both tenants and visitors of the ARTF buildings know proper evacuation procedures, including the location of designated evacuation points or "safe areas" specified in the Emergency Response Action Plan.
- Researches, analyzes data, compiles comprehensive reports, prepares concise, well-structured recommendations, and provides clear insights and suggestions by highlighting the best course of action for all business office processes related to facility operations, economic development opportunities, and staying abreast of best practices and trends in the real estate market. Once the course of action is determined, implements and ensures continuous quality improvement.
- May perform other duties as assigned.

## SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility      May supervise employees but supervision is not the main focus of the job.

## MINIMUM QUALIFICATIONS

**To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below.
