
Auburn University Job Description

Job Title: **Spec, Rsrch Security Programs**

Job Family: No Family

Job Code: **HC87**

Grade 32: \$35,000 - \$58,400

FLSA status: Exempt

Job Summary

Responsible for maintaining the administration and training of the University research security program. Functions include the processing of personnel security clearances via the Electronic Questionnaires for Investigations Processing (e-QIP) system, record maintenance, understanding of all Intelligence Community and US Department Defense security requirements, administering security awareness training programs and preparing visit requests.

Essential Functions

1. Initiates, prepares, and submits required personnel security applications (initials, upgrades and periodic re-investigations) for access to National Security Information and Intelligence Community Programs to include Electronic Questionnaires for Investigations Processing (eQIP), Questionnaires for National Security Positions (SF86), Questionnaire for Public Trust Positions (SF85P) and other federal agency required paperwork.
2. Performs background checks for incoming foreign nationals and foreign visitors. Determines if foreign nationals will have access to export controlled technology or subject to a US government denied entity list while they are participating in Auburn University sponsored programs or programs located in Auburn University facilities.
3. Processes incoming and outgoing visit requests by utilizing authorized databases to verify clearance levels.
4. Educates and informs staff, faculty, and students on their security obligations for the protection and safeguarding of classified and export controlled technology through various forms of presentations, briefings, or inspections on a consistent basis.
5. Supports AU personnel security mission to include daily database interactions, including but not limited to: status checks in the Joint Personnel Adjudication System (JPAS); monitoring and queries associated with ensuring our cleared personnel databases are in sync with current employee status; notifications to newly cleared personnel; maintaining updated personnel security and suitability records, outgoing clearance certifications for classified visits; maintaining accurate and up-to-date records within internal database.
6. Develops processes and procedures to conduct foreign travel briefings and debriefings and maintains a record of foreign travel for all cleared employees.
7. Serves as the system administrator for authorized security databases used for the accountability and management of numerous security programs and other related information.
8. Creates and maintains security files in accordance with federal operating standards and guidelines.
9. Collects electronic and paper fingerprints of individuals that require a security clearance or working in sensitive control areas and submits to appropriate government agencies.
10. Assists with self-inspections of compliance programs and maintains files, documents, and databases for annual inspections performed by government agencies.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

Auburn University Job Description

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
