## JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Research Integrity & Compliance

## JOB SUMMARY

The CUI Manager reports to the Vice President of Research and Economic Development and is responsible for the overall development, implementation, management and delivery of the Auburn University Controlled Unclassified Information (CUI) program. The scope of the program is university-wide and the purpose is to protect CUI received from or generated on behalf of the US government.

## RESPONSIBILITIES

- Coordinates with the Office of Sponsored Programs (OSP), Innovation Advancement and Commercialization (IAC), Electronic Research Administration (ERA), campus community and 13 Colleges within the university assessing proposals, agreements, and contracts to determine if CUI requirements are present.
- Educates and informs senior executives, faculty, staff, and students on their obligations for the protection and safeguarding of CUI through various forms of presentations, briefings, or inspections. Researches and develops informative training and educational materials related to CUI compliance to assist the University with compliance of complex CUI policies and regulations.
- Directs AU researchers and administrators with the development of processes and procedures to execute the implementation of CUI security standards.
- Interprets and implements extensive government CUI security regulations in support of the US Government funded research program for Auburn University. Develops key processes and procedures to ensure the overall success and compliance of the research program through reporting, auditing, training, and other means of accountability.
- Protects CUI and its infrastructure from both external and internal threats.
- Performs other related duties as assigned by supervisor.

## SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
