Auburn University Job Description

Job Title: Supv, Vet Hospital Svc Support

Job Code: IA02

FLSA status: Non-exempt

Job Family: No Family

Grade 32: $35,000 - $58,400

Job Summary
The Vet Hospital Services Support Supervisor manages the daily operations and assigns tasks to team members and oversees the buildings and equipment of the hospital and other building to include preventative maintenance, safety, cleanliness, hazardous waste monitoring. Responsible for maintaining and ordering medical oxygen for the teaching hospital, multipurpose lab, and the Raptor center. Orders all cleaning supplies and maintains an appropriate inventory of supplies. Handles occasional special requests from clinical services of all kinds depending on specific patient needs.

Essential Functions

1. Oversees logistical control over all animal care equipment and supplies. Monitors and maintains all medical oxygen plus specialty gases at Wilford & Kate Bailey Small Animal Teaching Hospital (VTH), Hoerlein Spay and Neuter, Multi Purpose Building/Junior Surgery, and the Southeastern Raptor Center. Communicates with vendors to place orders for medical gas, manifold parts, and air supply lines when replacement is needed. Communicates with the appropriate personnel to approve access for vendor drivers yearly as they are replaced. Contacts appropriate personnel for severe issues needing professional service. Stocks anesthesia's oxygen holding room with small oxygen tanks used on gurneys daily.

2. Inspects all areas of the Veterinary Teaching Hospital (VTH) including the grounds, exercise yard, and other clinical facilities for cleanliness, orderliness, and safety. Identifies any maintenance issues found or brought to my attention through the VTH. Performs maintenance and/or coordinates work with Facilities Management.

3. Provides daily supervision, monitors daily job performance, and assists the service support team. Responsible for all training, scheduling, assigning duties, and prioritizing details.

4. Acts as representative for department head and hospital administrator in dealing with selected vendors, merchants, and staff of other University units. Communicates with hospital faculty, administration, staff, and students to keep them informed on various issues. Responds to requests, answers any questions or concerns, and solves problems as they arise.

5. Monitors and maintains the required inventory of supplies needed by the Service Support Department. Communicates with various vendors and staff to place orders, coordinate deliveries, and pickups. Ensures all supplies and equipment are stocked or distributed throughout the VTH.

6. Oversees maintenance of central vacuum system, departmental vehicles, golf carts, and laundry equipment. Responsibilities to include ensuring the vacuum system is cleaned routinely, maintaining motors by greasing routinely and replacing filters quarterly, replacing exhaust flaps as needed, and communicating work orders for servicing issues with departmental vehicles.

7. Repairs equipment including minor repairs to teaching equipment. Trains technicians on proper procedures and protocol for operating equipment.

8. Ensures for hazardous waste protocols and procedures are followed to include ensuring all waste containers are properly packaged, manifests are properly placed, and transported to the Hazardous Waste Accumulation Room for storage. Communicates with Risk Management regarding any issues or concerns brought to my attention by faculty or staff.

9. Performs other duties as assigned by the department head and/or supervisor.
Auburn University Job Description

**Supervisory Responsibility**

Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

*The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.*
