JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Patient Care & Rehabilitation

JOB SUMMARY

The Chief Veterinary Nursing Officer provides full administrative responsibility for a team of leaders to include the supervisors and staff in the Perioperative, Medical and Surgical, and Critical Care areas. Establishes clearly defined short and long term objectives for their direct reports and serves as a facilitator of written and verbal communication in a timely and effective manner.

RESPONSIBILITIES

- Directs, mentors, and advises nursing supervisors on staffing and workflows to provide optimal patient care throughout the hospital. Mentors and coaches nursing supervisors on people management and human resource (HR) related topics. Serves as a liaison between nurses and administration.
- Ensures the hospital provides excellent customer service and patient care. This includes, but is not limited to, effective communication, ensuring medical records are thorough and complete, charges are accurate and submitted on time, staff is friendly, supportive, and helpful, recommending strategies for improving care, staff are trained appropriately, and continuing education is provided to maintain the most up-to-date care.
- Determines and forecasts staffing needs to meet the overall nursing needs of the hospital.
- Collaborates with College of Veterinary Medicine (CVM) HR department to develop recruitment and retention strategies to attract, hire, and retain veterinary nurses.
- Serves as a member of the hospital senior leadership team; collaborates with the Hospital Administrator, Associate Dean for Clinical Affairs, and faculty and serves on the board of directors.
- Performs other duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
