Auburn University Job Description

Job Title:    Histotechnician

Job Code: IC04

FLSA status: Non-exempt

Job Summary
Performs laboratory procedures involving histological tissue preparations, photochemistry, and immunohistochemistry, and assists research associates with special projects and research activities.

Essential Functions
1. Prepares and processes tissue samples for routine histologic techniques to be examined under a microscope by a pathologist. The histologic techniques include the following: fixation, processing, embedding, microtomy, and staining of animal tissue for evaluation by a pathologist.
2. Performs duties related to the running of a laboratory including ordering supplies, complying with chemical inventory and hazardous waste protocols, completing necessary risk management and other training, routine cleaning and maintenance of equipment.
3. Performs clerical and recordkeeping work including accessioning of specimens, inputting data into a laboratory management system, assisting pathologists and residents with grossing and trimming of specimens, documentation of specimens, and other laboratory recordkeeping.
4. Performs other duties as assigned.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.

Auburn University Job Description

Minimum Required Education and Experience

Level I  Associates degree in a scientific field related to area of assignment and an HT/HTL (ASCP) certification. The substitution allowed for education does not apply to level I.

Level II  Bachelor's degree in a scientific field related to area of assignment plus 2 years of experience and an HT/HTL (ASCP) certification. Substitution allowed: Associate's degree, an HT/HTL (ASCP) certification, and 4 years of experience.

Level III  Bachelor's degree in a scientific field related to area of assignment plus 4 years of experience and an HT/HTL (ASCP) certification. Substitution allowed: Associate's degree, an HT/HTL (ASCP) certification, and 8 years of experience.

Focus of Education
Degree in Histotechnology, Medical Technology, Clinical/Medical Laboratory Science, Biology, Chemistry, or related field.

Focus of Experience
Experience in histology practices. See substitutions allowed for each level above.

Substitutions allowed for Education:
Indicated education is required; no substitutions allowed.

Substitutions allowed for Experience:
Indicated experience is required; no substitutions allowed.

Minimum Required Knowledge
See Job Family Levels

Certification or Licensure Requirements:
An accredited Histotechnician (HT or HTL) certification from the American Society for Clinical Pathology (ASCP) Board.

Physical Requirements/ADA
Regularly involves lifting, bending or other physical exertion. Often exposed to one or more elements such as heat, cold, noise, dust, dirt, chemicals, etc., with one often to the point of being objectionable. Injuries may require professional treatment.

Routine deadlines; usually sufficient lead time; variance in work volume seasonal and predictable; priorities can be anticipated; some interruptions are present; involves occasional exposure to demands and pressures from persons other than immediate supervisor.

Job frequently requires standing, sitting, talking, hearing, handling objects with hands, and lifting up to 10 pounds.

Job occasionally requires walking, stooping/kneeling/crouching/crawling, and lifting up to 50 pounds.

Vision requirements: Ability to see information in print and/or electronically. Must be able to evaluate slides to assess quality of staining. Must have the ability to distinguish colors.

Date: 5/3/2022
