JOB FAMILY AND FUNCTION

Job Family:	Information Technology
Job Function:	IT Leadership

JOB SUMMARY

With general direction from the Chief Information Officer, exercises a high degree of autonomy to research, prototype, test, and guide implementation of major architectural improvements to Auburn's technology ecosystem. Reporting directly to the CIO, serves as the senior IT leader responsible for recommending and defining core technology modernization strategies to be incorporated into the Auburn Information Technology Strategic Plan. Works closely in partnership with the Chief Information Security Officer, Executive Director for IT Operations/Deputy CIO, and Director for Administration. (AVP must work in central IT unit. Exceptions require CIO approval.)

RESPONSIBILITIES

- Researches and recommends current and future technology innovations and applicable product improvements to existing architecture that, once implemented, offer improvements to IT services as well as improve sustainability of those services.
- Schedules, oversees, and evaluates vendor products to assess viability and relevance in Auburn's technology ecosystem.
- Develops methodologies and evaluation criteria for prototyping new products and services.
- Oversees planning for incorporation of approved products and services into the technology architecture; works collaboratively with directors in each central IT units to assure successful deployment and maintainability.
- Works collaboratively with the CIO to develop and maintain the Auburn IT Strategic Plan.
- Assures the entire central IT architecture is accurately documented and accuracy maintained. Assists the OIT Communications and Marketing Specialist with informing campus constituents about new products and services.
- May perform other duties as assigned by supervisor.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
