JOB FAMILY AND FUNCTION

Job Family: Information Technology

Job Function: IT User Support

JOB SUMMARY

Under general supervision, provides consultative and technical support services to campus constituents to ensure timely problem resolution, system/data access, and optimal system performance. Provides support for desktop, mobile computing, and client/server technology. Provides consulting on more involved and difficult technology solutions such as evaluating software packages for multiple departments and recommending the best application for the intended purpose or helping departments develop and implement a computer hardware life cycle replacement strategy. May oversee or provide direction to junior employees.

RESPONSIBILITIES

- Provides high-quality customer service through courteous and professional communication. Supports and maintains effective relationships with consistent follow-up and documentation.
- Provides technical support to the University community to resolve moderately complex first- and second-tier desktop software, application, and communication issues in an efficient and timely manner. Thoroughly and accurately documents request history and routes advanced second- and third- tier requests to the appropriate technical personnel.
- Provides timely resolution of problem or escalation on behalf of the client by maintaining strong working relationships with IT professionals in other areas.
- Provides moderately complex consultation, support, and instruction for clients.
- Assists in the development of standard operating procedures and customer service guidelines. May assist with hardware and software evaluation or testing as part of the development of new initiatives being undertaken by supported constituent groups.
- Assists with the deployment of new applications, resources, and tools.
- Perform other related duties as assigned by the supervisor.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below.
