JOB FAMILY AND FUNCTION

| | |
|---------------|--|
| Job Family: | Information Technology |
| Job Function: | General IT Infrastructure Systems Administration |

JOB SUMMARY

Under close supervision, assists in the administration of diverse information technology systems. Performs work that is generally routine in nature, seeking assistance when guidelines are inadequate, significant deviations are proposed, or when unanticipated problems arise. Monitors and reports system security and utilization. Investigates system administration and client/server or application performance problems. Performs application installation, maintenance, training, and user support as required.

RESPONSIBILITIES

- Assists with the administration and support of deployed University procedures, configurations, workflows, and integrated systems. Documents and deploys systems and their integration points. Reviews and performs system testing.
- Maintains University systems according to University and industry defined standards. Implements and troubleshoots configuration changes, systems, and applications to identify and correct service interruptions and other operational problems. Monitors University systems to ensure compliance with departmental and University standards.
- Maintains technical solutions to automate, monitor, test, and deploy applications. Assists in the design of methods and procedures for collecting, organizing, interpreting, and classifying system and log data for security, performance, and capacity planning needs.
- Maintains established backup and disaster recovery processes and procedures. Performs regular tests of the high availability, backup, and disaster recovery processes.
- Assists with new technology deployments and system integration testing.
- Provides ongoing technical assistance to customers regarding systems and applications. Makes recommendations to stakeholders to increase efficiencies in systems.
- May provide on-call support for designated systems or services.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

| | |
|----------------------------|---|
| Supervisory Responsibility | May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees. |
|----------------------------|---|
