JOB FAMILY AND FUNCTION

Job Family:	Facilities, Maintenance, & Operations
Job Function:	Construction Management

JOB SUMMARY

The Design and Construction Project Manager is responsible for all efforts associated with successfully overseeing and directly managing multiple University construction projects. This includes all aspects of project management during the planning, design, construction, occupancy, and closeout phases of the project life cycle. This position is required to collaboratively interface with a variety of stakeholders including administrators, staff, faculty, students, Facilities Management Operations, and representatives from authority having jurisdiction including those at the State and local level, along with various professional consultants, contractor and vendors.

RESPONSIBILITIES

- Manages all phases of construction, from planning to completion, ensuring timely and cost-effective delivery.
- Create, develop, and manage budget and financial reporting for assigned projects in coordination with administrative teams and client funding availability.
- Create and manage project schedules, monitor progress, provide recommendations for mitigating schedule risks.
- Regularly communicates with stakeholders, coordinates with cross-functional project teams, ensures clear communication across all team members, consultants, contractors, and regulatory agencies to ensure project success. May develop and support executive-level presentations.
- Manages and coordinates with contractors, consultants, and campus stakeholders to meet institutional goals, building code compliance and safety best practices, master plan guidelines, and campus design and construction standards.
- Manages project teams, including consultants, contractors, and constituent groups, through project planning and execution providing guidance and resolving issues to ensure team efficiency and project success. May provide recommendation on consultant selection.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	No supervisory responsibilities.
