JOB FAMILY AND FUNCTION

Job Family:	Facilities, Maintenance, & Operations
Job Function:	Project Support & Data Management

JOB SUMMARY

Coordinates program and project management for the Office of University Architect (OUA) projects.

RESPONSIBILITIES

- Manages the portfolio of architectural, engineering, or other consultant contracts within OUA.
- Develops Owner-Architect Agreements, Professional Service Contract Agreements, and Professional Purchase Orders, issues Requests for Proposals, and tracks the award process for OUA contracts.
- Manages design budgets for the portfolio of projects, plans and studies within OUA.
- Manages schedule submissions and reporting as well as develops project budgets and manages the approval process for these within a project management system.
- Initiates and coordinates requests for funding from various University clients and within Facilities Management.
- Manages the change order process for OUA consultant contracts to ensure they are kept up to date.
- Develops and updates project design schedules for all OUA projects and project milestones ensuring client requirements are met and manages these schedules by tracking actual design execution progress against these schedule milestones.
- Manages performance metrics for the OUA program of projects by developing metrics to assess and report on the status of the OUA program to the AVP and Facilities Management clients.
- Leads the OUA communications efforts with clients by developing presentations and project status reports to provide program information and status to both internal and external clients across the university as well as the architect/engineer community.
- Ensures design costs are properly allocated against funded projects by ensuring consultants invoices are paid in a timely manner and within budgeted funds and reconciles billing and payment issues.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.
