Auburn University Job Description

Job Title: Mgr, Vet Med Facilities
Job Code: ND23
FLSA status: Exempt

Essential Functions

1. Inspects and oversees the operation of veterinary hospital building systems and develops plans for the repair and replacement of key system components as needed. Systems include, but are not limited to, HVAC, gas, electrical, lighting, emergency power, audio/visual (A/V), fire alarm, elevator, access control, and operating room equipment.

2. Serves as the principal point of contact for the Dean and senior administrators of the College of Veterinary Medicine and Facilities Management regarding veterinary hospital facilities. Attends progress and planning meetings. Develops and delivers presentations as related to facility projects and general operations.

3. Develops and oversees a preventative maintenance program for veterinary hospital facilities systems. Monitors the execution of the preventative maintenance program to ensure successful completion of work. Generates reports related to the program for leadership personnel.

4. Develops and maintains a comprehensive inventory and database of veterinary hospital systems and equipment to include manufacturer information, operating data, and maintenance requirements. Reviews plans to purchase and install new research and patient care equipment as well as coordinate delivery and installation.

5. Works closely with College of Veterinary Medicine administration and personnel to identify, inspect, and assess problems with facilities and systems, as they relate to operational and clinical requirements. Assists with preparations for accreditation tours and inspections.

6. Works closely with Facilities Management Maintenance, Design Services, and Campus Services personnel to develop maintenance, repair, and renovation projects needed to maintain College of Veterinary Medicine facilities. Coordinates appropriate access for the hospital facilities as necessary.

7. May perform other related duties as assigned by the Executive Director of Facility Operations.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
