JOB FAMILY AND FUNCTION

Job Family:	Marketing, Communications, & Multimedia
Job Function:	Media Services

JOB SUMMARY

Provides creative, technical, and service related support for a range of media technologies.

RESPONSIBILITIES

- Provides technical design and implementation as well as creative input and design.
- Participates in projects and cross functional activities related to technical and creative needs of the media and/or projects.
- Provides quality control of production processes including (but not limited to) monitoring and improving the technical quality of the product, the speed of delivery, and the interaction of staff and clientele, and product reliability.
- Provides service support for media technologies including (but not limited to) film broadcast television, complex computer animations and special effects, authoring, computer, internet and graphic applications.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---
