HR Liaisons Network Meeting Minutes
October 10, 2019 – 2:45 p.m. – Auburn University Administrative Complex

Welcome and Announcements (Leanne Fuller)

- **Staff Updates:**
  - David Hall, our new HR Initiatives Specialist, will begin on Oct. 14. He comes to Auburn University from the Florida Department of Law Enforcement.
  - Moriah Kent will be joining HR as a new Instructional Designer. She has worked with Auburn Global and Auburn Online.

- **Onboarding Center:**
  - Construction is under way for the new onboarding center, which is two doors down from our HR offices. Construction should be completed by the end of the year. There is no time frame as to when the center will open, as we still need to hire staff, develop processes, install technology, etc.

- **System Update - PeopleAdmin:**
  - We are in the process of upgrading our Applicant Tracking System (PeopleAdmin). We will be using the same version that Faculty currently uses.
  - We will also be working with PeopleAdmin to implement new onboarding, position description, and performance management processes. Additional information will be forthcoming which will include the timing/schedule and where HRLs will be intimately involved in the work.

HRL Updates (Leanne Fuller)

- Trey Lightner, HR Liaison for Student Affairs, brought posters with Student Affairs contact information. Fuller encouraged HR Liaisons to pick up a poster before they left the meeting.

- The next HR Liaison meeting is scheduled for Thursday, Nov. 7, at 2:45 p.m.

- **New HR Generalist:** Carol Edwards was introduced as a new HR Generalist for the Alabama Cooperation Extension System (ACES).

- **Leave Balance Report:** HR Liaisons can pull the leave balances of employees within their college/unit through Banner (PZRK146). Additional information is available on the HR Liaison Network website.

- **Emergency Contact Information:** Fuller discussed concerns that some employees have not completed their emergency contact information in AU Access. She said there are efforts to create a report that shows which employees have not completed their information. She also said that a reminder will be sent to all employees when W-2s go out and there is a potential for prompts to come from the AU Access portal. More information will come and how HRLs can assist in the communication to their employees.

- **HRL Advisory Council:** Last meeting was Sept. 16; topics included: background checks and International degrees, Banner system, next appointments to the Council (a call for interest was sent out to HRLs on October 10th).
  - The next meeting of the HR Liaison Advisory Council is set for Oct. 28. Topics are to be determined. Fuller requested topics from the group if anyone had any topics of concern.

- **Banner information:** HR has spent several days with Ellucian to discuss Banner, including current “pain points” with the hopes of improving the functionality of Banner for HR purposes. She said the meetings were very productive.

- Spirit Of Excellence:
  - Dixon shared that efficiency improvements have been made to submit nominees
    - In working with Patrick, a web-based form has been created for submitting the Spirit of Excellence nominations

Compensation and Classification Updates (Rod Kelly, Shelly Murray, Bailey Ward)

- IT Workflow Process:
  - A step process list was shared with the group
  - Murray asked if there are any open questions about the current process; there were no questions from the group.
  - Murray indicated that the Provost’s Office will be added to the process; requests go to Cindy first, then Cindy
  - Compensation will get the document modified and will send out with the minutes

- There is still a planned deadline of Nov. 30 for the first job group of the study. Compensation will seek further clarification from leadership on what is considered to be completed and implemented on the agreed upon deadline of Nov. 30.

- FLSA:
  - Kelly reminded HRLs that the threshold is $35,568 (not annualized) and that communication was sent out
  - He shared that supervisors should have received the list of affected employees on Tuesday.
  - Effective date of January 1, 2020

  - Right now we are in the planning phase and are building questions and answers based on questions received from employees
  - There is a planned communication to employees on Oct. 14th; HRLs will be CC’d
  - The website is being updated with current information. Kelly reminded the group that the travel tools for non-exempt positions are still available on the FLSA website

- Project Update:
  - No timeline yet, currently working with Mercer on a communications strategy of communicating with all stakeholder groups
  - Ward reminded HRLs that this study and resulting structure will result in a complete re-do of the current structure; there will be a new architecture of jobs going forward.
  - There will be a collaborative, online system to manage the job description changes.
  - There will be benchmark data to market for salaries.
  - There will be new policies and procedures.
  - The study will take approximately 18 months.

Employment Services (Chris Thompson, Abbi Brown, Amy Bruce)

- Advertising Rate Schedule:
  - Thompson reminded HRLs that the new Advertising Rate Schedule had been shared with everyone on September 27, 2019
• Employment Services posted a total 616 jobs this past year -- an increase from the previous year of approximately 500 -- resulting in a decrease on the rate by $12 ($185 to $173). Employment Services will look at it mid-year to make sure that an adjustment is not needed based on the amount of posting to date.
• An additional option at an additional cost for jobs that may need further advertising. The Opelika-Auburn News is offering a new package that will reach other outlets for a 30-day posting length.
• Thompson reminded the HRLs to make sure that they were printing copies of their ads from The Chronicle for potential sponsorship of green cards related to foreign national hires. You must print the first day of posting and print the 30-day posting to document the required 30-day posting.
• Thompson also provided a list of additional recruiting resources as a handout that HRLs may find helpful for some job postings
  • **Phone Interview Guide:**
    • Employment Services recognized that in some cases, salary expectations are not discussed with potential interview candidates prior to offers being made.
    • To assist with these types of conversations and help departments, they have created tools and resources for use in assisting supervisors and others with having these salary discussions.
    • Online, interactive videos have been created to help (Graham pulled up the course for the HRLs).
    • A guide has been developed that is available for download as a resource.
  • **TES Survey:**
    • Abbi Brown shared that only 2 out of 152 surveys were not completed; TES will proceed based on the information they received.
    • Brown will get with each HRL on their respective area about their results and what that means going-forward in planning.
    • Brown further added that she would work on an alternative plan for retirees since they play an important role on campus and they cannot enter back into a regular assignment.
    • A future approach will mean tighter controls and parameters on length of temporary assignments.
  • **TES Rate:**
    • Brown shared that the TES Rate for 2019-2020 (15.82% to 21.40%) has been shared with campus and asked if there were questions; there were no questions from the group.
  • **Student Employment:**
    • Amy Bruce shared that the Student Request form has been updated to include a question whether driving will be required as a part of an essential function the job.
    • A MVR (motor vehicle driving report) consent form will need to be completed and sent to weagleworkers@auburn.edu if a driving report is needed.
    • Bruce reminded HRLs that is in compliance with the Fleet Safety Policy that is owned by Risk Management.
    • She added that this requirement does not apply to golf carts.

**Final Comments and Closing (Leanne Fuller)**
• Leanne shared that she will reach out to HRLs about their departmental onboarding programs that they have implemented. She is interested in having them share their current onboarding programs at a future HRL meeting in the next couple of months. Some units have these programs such as Facilities and Forestry. She will follow-up in the coming weeks.
• Fuller asked for future topics to include in the HRL meetings and encouraged the group to send to her via email or to give her a call.
• No further questions from the group; meeting was adjourned.
