Educator Workshop

Calling all Region 4 History and Social Studies educators, 4th grade and higher, to become an EOA Power User, in partnership with the Alabama State Department of Education Regional Inservice Centers.

Discover ways to align Encyclopedia of Alabama (EOA) content with your subject's state standards.

- Power School Credit and Stipend for Participation
- Digital Badge for Completion
- Learn more about EOA's content.
- Brainstorm ways you could leverage EOA as a resource for your students.
- Discuss and share strategies for incorporating EOA in the classroom.
- Join a content-specific deep dive with pedagogical content knowledge.
- Discover research-backed approaches for successful classroom integration.
- Stipend Available

"Educators can design interactive learning activities based on content from Encyclopedia of Alabama. For example, they could create quizzes, discussion prompts, or project-based assignments that require students to explore the articles, engage critically with the information, and apply their knowledge to real-world contexts."

-Survey feedback from an EOA Power User
