Program includes National Certification & an Externship Opportunity
Mentor Supported

Law Enforcement Professional Certificate Program with Externship

Course Code: AU-CJ-LEP
Program Duration: 6 Months
Course Contact Hours: 375
Student Tuition: \$3,999

The Law Enforcement Professional

Considering a career in law enforcement? Law enforcement officials conduct fascinating and difficult work across all American cities from street to street. To give professionals the most in-depth look at law enforcement possible, this program examines the history, structure, actions and strategies of American police. Students will explore a number of interesting topics including the structure and purpose of federal, state and local police forces, their inner-workings and interconnectivity as well as the various ways each individual force plays a role in the collective effort to are on the front lines of everyday police functions, criminal accountability and the relationship between law enforcement and the community that maintains public order.

The Law Enforcement Professional Program

Law Enforcement Professionals operate every day inside an ever-evolving world of crime and violence. Facing an array of issues from localized criminal activity to emergency and public health issues that constitute a national or international threat can come up at a moment's notice, Law Enforcement Professionals are on the front lines of defense for our communities. To this end, all professionals involved in law enforcement from must have an array of applicable skills from combating and preventing crime in the first place, to solving crimes through strategic interviewing and interrogation of involved individuals and proper, legal criminal procedures necessary for the success of the legal system as well. Recognizing the need for skilled professionals that understand the difficult and highly-nuanced issues authorities face every day, the Law Enforcement Professional program takes students through the ins and outs of day-to-day police activity and introduce students to the complex criminal justice system.

Education and National Certifications

- Students should have or be pursuing a high school diploma or GED.
- There are no state approval and/or state requirements associated with this program.
- There are several National Certification exams that are available to students who successfully complete this program:
 - **Microsoft Office Specialist (MOS) Certification Exam.**

Program Objectives

At the conclusion of this program, students will be able to:

- Define terms related to law enforcement
- Examine the organization of law enforcement
- Examine the roles, functions, and styles of policing
- Describe the impact that history has had on the current law enforcement system
- Analyze the use of forensic science and criminalistics in the criminal justice system
- Examine challenges faced by law enforcement
- Analyze laws and technology as related to policing
- Analyze issues related to policing in foreign countries
- Describe the personal qualities that affect the interview process
- Research, using articles from the Internet, and describe how to successfully interview and interrogate witnesses
- Differentiate an interview from an interrogation and identify the steps in the interview process
- Formulate a list of questions that can be used in purposeful interrogation
- Compare the traditional interview method with the cognitive interview method
- Identify the constitutional and legal considerations necessary for criminal interrogation
- Using case studies, analyze the techniques used by officers in obtaining a confession and make suggestions for improvement
- Describe interview approaches for special populations
- Use Microsoft Office

National Certification

Upon successful completion of this Auburn University program, students would be eligible to sit for the Microsoft Office Specialist (MOS) exam. Although there are no state approval, state registration or other state requirements for this program, students who complete this program at Auburn University will be prepared and are eligible to sit for this national certification exam. Students who complete this program are encouraged to complete the externship option with their program. Students who complete this program can and do sit for the MOS national certification exams and are qualified, eligible and prepared to do so. Auburn University works with each student to complete the exam application and register the student to take their national certification exam.

Externship / Hands on Training / Practicum

Although not a requirement, once students complete the program, they have the ability to participate in an externship and/or hands on practicum so as to practice the skills necessary to perform the job requirements of a professional in this field. Students will be assisted with completing a resume and/or other requirements necessary to work in this field. All students who complete this program are eligible to participate in an externship and will be placed with a participating organization near their location. Auburn University works with national organizations and has the ability to place students in externship opportunities nationwide.

Auburn University contact: If students have any questions regarding this program including national certification and externships, **they should call Shavon Williams of Auburn University at | 334-844-3108 or via email at szw0063@auburn.edu**

Note: No refunds can be issued after the start date published in your Financial Award document.

About Auburn University!

Welcome to Auburn University! Auburn University was established in 1856 as the East Alabama Male College, 20 years after the city of Auburn's founding.

OUR MISSION: The Office of Professional and Continuing Education (OPCE) makes the educational resources of Auburn University available for non-credit education programs and conferences designed to promote lifelong learning, regardless of age, interest, or location. Our programs fall into five general categories: Professional Development, Certificate Programs, Personal Enrichment, Summer Youth Programs, and Conferences.

- Summarize the use of wireless technology in policing
- Illustrate how technological advances assist in policing

THE FUTURE OF LAW ENFORCEMENT

- Define terms related to law enforcement
- Discuss future challenges in policing
- Examine solutions to the future challenges in policing

AN INTRODUCTION TO INTERVIEWING AND INTERROGATION

- Explain how rapport affects the quality of the interviewing process
- List and explain numerous forms of nonverbal communications for developing rapport
- Explain the problem of misinformation and contamination
- Describe personal qualities that can reduce the effectiveness of an interview
- Explain the difference between using open-ended and closed-ended questioning
- Compare and contrast an interview with an interrogation
- Describe the three phases of the interview process

INTERVIEWING TECHNIQUES AND MEMORY ENHANCEMENT

- Explain the problem of misinformation and contamination
- Apply the concepts of statement analysis to the field statement analysis
- Explain how the structural interviewing approach differs from the traditional approach
- Define the traditional interview method
- Identify how the traditional and cognitive interview methods are alike, how they are different, and how an officer would decide to use one over the other
- Explain the mnemonic principles of cognitive interviewing

BEHAVIORAL INTERVIEWING TECHNIQUES AND INTERVIEWING CHILDREN

- Explain how rapport affects the quality of the interviewing process
- List and explain numerous forms of non-verbal communications for developing rapport
- Explain who is best at catching liars
- Explain how sensory verbal communication and eye movements can be used in interviewing and interrogation
- Explain how rapport affects the quality of the interviewing process
- List and explain numerous forms
- Explain the mnemonic principles of cognitive interviewing
- Compare and contrast the forensic and cognitive approaches to interviewing children

INTERVIEWING THE ELDERLY AND THE MENTALLY ILL

- Explain how rapport affects the quality of the interviewing process
- Discuss how interrogation with an individual who has mental retardation can affect the process
- List the questions that would be helpful when making a field evaluation of a person suspected of having a disability
- Describe issues that can impact the interview of an elderly person
- Describe the evaluation process to improve interviews of an elder
- Explain the field evaluation for people with mental illness and mental retardation

THE INTERROGATION PROCESS AND OBTAINING A CONFESSION

- Explain the problem of misinformation and contamination
- Describe the additional personal qualities of the interviewer that enable him or her to conduct successful interrogations
- Explain the difference between the right to counsel under the Miranda standard and the Sixth Amendment
- List the forms of coercion that would invalidate a confession even if the suspect's Miranda rights were properly waived
- Explain the difference between a noncustodial and custodial interrogation for purposes of Miranda warnings
- Review the case of *Kaupp versus Texas, 2003* and discuss what could have been done differently to change the outcome of the case
- Discuss the controversy about torturing military detainees

TECHNIQUES FOR INTERROGATION

- List and explain numerous forms of non-verbal communications for developing rapport
- Discuss how an interrogation is different from an interview in terms of preparation and assessment
- From the list of the most frequently observed tactics used for interrogations, formulate a list of questions consistent with the approach
- Explain the difference between a non-custodial and custodial interrogation for purposes of Miranda warnings

Note: This program can be completed in 6 months. However, students will have online access to this program for a 24-month period.

MICROSOFT OFFICE Module

- Use an integrated software package, specifically the applications included in the Microsoft Office suite
- Demonstrate marketable skills for enhanced employment opportunities
- Describe proper computer techniques for designing and producing various types of documents
- Demonstrate the common commands & techniques used in Windows desktop
- List the meaning of basic PC acronyms like MHz, MB, KB, HD and RAM
- Use WordPad and MSWord to create various types of documents
- Create headings and titles with Word Art
- Create and format spreadsheets, including the use of mathematical formulas
- Demonstrate a working knowledge of computer database functions, including putting, processing, querying and outputting data
- Define computer terminology in definition matching quizzes
- Use the Windows Paint program to alter graphics
- Use a presentation application to create a presentation with both text and graphics
- Copy data from one MS Office application to another application in the suite
- Use e-mail and the Internet to send Word and Excel file attachments
- Demonstrate how to use the Windows Taskbar and Windows Tooltips
- Explain how copyright laws pertain to data and graphics posted on the Internet
- Take the college computer competency test after course completion
- Follow oral and written directions and complete assignments when working under time limitations

Note: Although the Microsoft Office Module is not required to successfully complete this program, students interested in pursuing free Microsoft MOS certification may want to consider completing this Microsoft Office Module at no additional cost.

System Requirements:

Windows Users:

- Windows 8, 7, XP or Vista
- 56K modem or higher
- Soundcard & Speakers
- Firefox, Chrome or Microsoft Internet Explorer

Mac OS User:

- Mac OS X or higher (in classic mode)
- 56K modem or higher
- Soundcard & Speakers
- Apple Safari

iPad Users:

- Due to Flash limitations, eLearning programs are NOT compatible with iPads

Screen Resolution:

- We recommend setting your screen resolution to 1024 x 768 pixels.

Browser Requirements:

- System will support the two latest releases of each browser. When using older versions of a browser, users risk running into problems with the course software.
- Windows Users: Mozilla Firefox, Google Chrome, Microsoft Internet Explorer
- Mac OS Users: Safari, Google Chrome, Mozilla Firefox

Suggested Plug-ins:

- Flash Player
- Real Player
- Adobe Reader
- Java
