

College of Business

PAUL M. BOBROWSKI, *Dean*
AMITAVA MITRA, *Associate Dean for Academic Affairs and Research*
GARY L. WATERS, *Associate Dean for Undergraduate Programs*
DANIEL M. GROPPER, *Associate Dean for M.B.A. Programs*
WILLIAM I. SAUSER JR., *Associate Dean for Outreach*

THE COLLEGE OF BUSINESS prepares students to become effective and socially responsible managers of business, industrial organizations, and government agencies and responsible citizens and leaders of society. To achieve this goal, the college offers undergraduate programs leading to the bachelor of science in business administration. In addition, it offers graduate work for the degrees of master of business administration (M.B.A.), master of science (M.S.) in economics, master of science in business administration (MSBA) with concentrations in finance and human resources management, master of accountancy (MAc), and the doctor of philosophy in management. Students may also enroll in the master of science in management Information Systems (MSIS) program. The College of Business and the School of Accountancy are accredited at the undergraduate and graduate levels by the Association to Advance Collegiate Schools of Business (AACSB International). Detailed information on graduate programs may be found in the "Graduate School" section in this bulletin.

Curriculum

The undergraduate curriculum includes a two-year Pre-Business Program required of all students and a two-year Professional Option Program. These programs provide a balanced course of study for all students, with approximately one-half of the hours in business and economics courses and one-half in courses offered outside the college. The courses required have been selected so that all students will have access to the "common body of knowledge" as designated by the Association to Advance Collegiate Schools of Business (AACSB International).

The Pre-Business Program, followed by all business students in their freshman and sophomore years, provides a sound foundation of work in the arts and sciences, including courses in mathematics, humanities, social sciences and natural sciences. This lower division program also includes some of the introductory business courses.

The Professional Option Programs are offered through the School of Accountancy and the departments of Aviation and Supply Chain Management; Economics; Finance; Management; and Marketing. The professional option plans allow each student to concentrate in an area of interest during the junior and senior years. The 13 options available include: accountancy (ACCT), finance (FINC), international business (IBUS), economics (ECNB), business economics (ECON), business administration (BSAD), human resources management (HRMN), management information systems (ISMN), entrepreneurship and family business (ENFB), marketing (MKTG), supply chain management (SCMN), aviation management (AVMG) and Professional flight management (AVMF). Through these programs, the college seeks to develop in its students the analytical, decision-making and communication skills required of managers who lead modern organizations.

Admission to the College

Students entering the pre-business program directly from high school or another college or university, in addition to meeting Auburn University's admission requirements, should have competence in the mathematics taught in high school geometry and second year algebra. Students also may be considered for transfer into the program from another school on campus if they have attained an overall grade-point average of at least 2.2 on all courses attempted at Auburn University.

Incoming freshmen and transfer students are admitted directly to the College of Business. To be eligible to take upper division business courses (junior and senior level courses), students are required to be admitted to a College of Business academic program. For additional details on admission to a College of Business academic program, please see the College of Business Office of Student Affairs (Suite 023, Lowder Business Building).

Admission to Business Courses

A 2.2 cumulative grade-point average is required for enrollment in any business course (except ECON 2020, ECON 2027, BUSI 1010, and BUSI 2010). This rule applies to both business and non-business students.

Graduation Requirements

To be graduated, business students must meet the hours and subject matter requirements of their curricula and must have an overall average of at least 2.0 on all courses attempted at Auburn University and meet all university requirements. At least 50 percent of the business credit hours required for the business degree must be taken at Auburn University.

Student Advising System

The Office of Student Affairs of the College of Business is responsible for orienting all new students, freshmen and transferees to the college. All students report each semester to the Lowder Building, Suite 023, to plan their academic schedules and to obtain information.

Faculty are available to all students for academic counseling and career guidance. Students are encouraged to seek advice on professional and academic questions from department heads and faculty through personal arrangements or appointments made by Student Affairs.

Student Affairs is also available to assist students from another College or school on campus to pursue a second baccalaureate degree in the College of Business.

Cooperative Education Program

Business students are eligible to participate in AU's Cooperative Education Program. This program allows students to combine academic training with actual business experience.

Minors

For departmental minors, business courses must be at the 3000 level or above, with the exception of Aviation Management minor, and from an approved list.

ACCOUNTANCY MINOR

15 semester hours in minor (3000 level or above)

Courses required		Cr. Hr.
ACCT 3110	Intermediate Accounting I	3
ACCT 3120	Intermediate Accounting II	3
Elective Courses - See advisor for approved course listing.		

AVIATION MANAGEMENT MINOR

Program requirements include completion of a minimum of 15 hours from the following list with a minimum of 12 hours of 3000-level courses or higher. AMLG 1010 (required), AMLG 5090 (required), AMLG 4050, AMLG 4060, AMLG 4380, AMLG 4130, AMLG 4190, AMLG 4160, AMLG 4170, AMLG 4180.

ECONOMICS MINOR

15 semester hours in minor (3000 level or above)

Courses required: NONE
Elective Courses - See advisor for approved course listing.

FINANCE MINOR

15 semester hours in minor (3000 level or above)

Courses required: NONE
Elective Courses - See advisor for approved course listing.

INFORMATION ASSURANCE MINOR

15 semester hours in minor

Courses required Cr. Hr.

MNGT	5670	Security & Information Assurance	3
Elective Courses - See advisor for approved course listing. For Business majors only.			

INFORMATION SYSTEMS MANAGEMENT

15 semester hours in minor (3000 level or above)

Courses required Cr. Hr.

MNGT	3040	Business Telecommunications	3
MNGT	3070	Business Computer Applications	3
MNGT	3830	Database Management	3
MNGT	4090	Analysis & Design of Busi Infor Sys	3
Elective Courses - See advisor for approved course listing. For Business majors only.			

INTERNATIONAL BUSINESS MINOR

15 semester hours in minor (3000 level or above)

Courses required Cr. Hr.

FINC	4510	Multinational Financial Management	3
ECON	4300	International Economics	3
MKTG	4400	International Marketing	3
Elective Courses - See advisor for approved course listing.			

MARKETING MINOR

MKTG 3310 and 15 hours of marketing electives.

Courses required Cr. Hr.

MKTG	3310	Principles of Marketing	3
Elective Courses - See advisor for approved course listing.			

SUPPLY CHAIN MANAGEMENT MINOR

15 semester hours in minor (minimum 9 hours at 3000 level or above)

Courses required Cr. Hr.

SCMN	3150	Business Process Management.....	2
SCMN	3710	Demand Fulfillment	3
SCMN	3720	Transportation Management	3
SCMN	3730	Supply Management	3
SCMN	4810	Professional Development in SCM	1
Elective Courses - See advisor for approved course listing.			

TECHNICAL SYSTEMS MANAGEMENT

15 semester hours in minor

Courses required Cr. Hr.

MNGT	2010	Fund DC/Circuits for Non-Tech Mgr	3
MNGT	2011	Intro to AC/Circuits for Non-Tech Mgr	3
MNGT	3010	Solid State Elect/Logic for Non-Tech Mgr	3
MNGT	4010	Technical Systems Studio	6

BUSINESS MINOR

A business minor has been established within the College of Business for non-business majors. The courses required correspond with the common body of knowledge as specified by AACSB International. Completion of these courses provides the basic understanding of the foundations of business administration and facilitates progress toward graduate work in business. The courses required for the business minor are: ECON 2020, ACCT 2110, FINC 3610, MNGT 3100 and MKTG 3310. If any of these courses are taken to fulfill the University Core Curriculum requirement or a requirement in the major/professional option, alternative courses may be substituted on departmental approval. See course descriptions for appropriate prerequisites.

BUSINESS-ENGINEERING-TECHNOLOGY

Students who minor in Business-Engineering-Technology learn, practice, and integrate entrepreneurship, engineering, and business management skills demanded by the technology-driven global economy, solve real-world case study and design problems, and work in cross-functional teams. The minor is a joint offering by the Colleges of Business and Engineering. Admission to the minor is competitive. Engineering and business majors apply for admission to the Business-Engineering-Technology Program as second semester sophomores. To remain in the program the cumulative grade-point average must be equal to or greater than 3.0.

16 semester hours in the minor

Courses required Cr. Hr.

ENGR	3510	Introduction to Engineering and Business	3
ENGR	3520	Integrat Bus. and Engr. Theories in Practice	3
BUSI	3550	Cross-Functional Teamwork	1
BUSI	3560	Leadership	1
BUSI	4540	Entrep & Strat. Mngt. Of Tech. & Innov.....	4
ENGR	4970	Capstone Project I: Design Proposal	1
ENGR	4980	Capstone Project II: Design Project	3

Pre-Business Program

The requirements of the Pre-Business Program are the courses that appear in the freshman and sophomore years of the individual models. Students who enter from high school register in this program until they complete all Pre-Business requirements. Students who enter by transfer and who have not yet completed all Pre-Business requirements, must register in the Pre-Business Program.

Before being admitted into a Professional Option Program, business students must complete all courses in the Pre-Business Program with a satisfactory academic record.

Specific professional options may differ in some details from the models presented below. Students should consult an advisor before selecting any classes.

School of Accountancy (ACCT)

The mission of the School of Accountancy at Auburn University is to prepare its students at the undergraduate and masters level to successfully compete in a very dynamic and challenging business environment. Through faculty excellence in instruction, research, outreach, the school will meet the needs of its students and other constituents by emphasizing the professional competencies necessary for both entry-level placement and rapid advancement within the business community.

The undergraduate degree prepares students for success in various public and private accounting careers. Students who plan to sit for the CPA Exam should consider a fifth year of study through the master of accountancy (MAc) Program. Students sitting for the CPA Exam in the State of Alabama must have completed a total of 150 semester hours of post secondary education, including a baccalaureate degree at an accredited college or university, with a concentration in accounting.

 Accounting and business electives must be taken from an approved list.

Department of Economics (ECON)

The Department of Economics offers two undergraduate degrees in economics: the bachelor of science in business administration major in economics (BSBA) and the bachelor of science in economics (ECBN). The ECBN has two tracks: the primary track requires students to complete a minor outside of the Department of Economics. The quantitative track is for students with a strong interest in graduate education and requires additional mathematics and statistics courses. Students should see an advisor in the department for specific requirements for the quantitative track.

Department of Finance (FINC)

Finance

The objective of the finance curriculum is to develop the specialized finance knowledge, techniques, and skills necessary for successful placement in finance related positions. The program encompasses the major areas of finance including corporate finance, financial institutions and markets, and investments. In addition, the program offers elective work in the subareas of real estate and risk management and insurance. The program will allow students the opportunity to develop not only the specialized knowledge of finance, but also the professional presentation and use of such knowledge through oral and written communication. Students enrolled in the finance major also complete the College of Business core curriculum designed to provide the broader understanding of the entire business organization including accounting, economics, management and marketing.

International Business

The objective of the program is to provide students with not only the business preparation necessary for success in the global environment, but also the foreign language skills to effectively communicate in that environment. The IBUS curriculum is designed to provide maximum flexibility and broad-based preparation for future career opportunities.

Graduates are prepared for entry-level positions in many areas of business activity depending upon their particular area of concentration within business. Within the language component, students must select from French, German, or Spanish.

Department of Management (MNGT)

The Management Program prepares students in basic business functions as well as the process of management and the use of technology to support these functions and processes. The professional options within the Department of Management are designed to impart knowledge that will assist future managers to be good decision makers for their organizations. The professional majors available are Human Resources Management (HRMN), Business Administration (BSAD), Management Information Systems (ISMN), and Entrepreneurship and Family Business (ENFB). Pre-requisites are strictly enforced. Junior standing required for all 3000 and above level courses and a 2.2 grade-point average.

Human Resources Management (HRMN)

The Human Resources Management Program provides a comprehensive education in human resources management. The primary goals are to provide knowledge and experience, oriented toward practical, on-the-job applications and prepare students for entry-level positions in private and public sector organizations. In addition, the Program provides excellent preparation for graduate or professional studies in Human Resources Management.

Information Systems Management (ISMN)

Information Systems Management Program provides a comprehensive education in management information systems. A 2.2 cumulative grade-point average is required for enrollment in any MIS course. This rule applies to both Business and non-Business students. The primary goals are to provide knowledge and experience, oriented toward practical, on-the-job applications and prepare students for entry-level positions in private and public sector organizations. In addition, the program provides excellent preparation for graduate or professional studies in Information Systems Management. Students are cautioned that 3000- and 4000-level MIS courses have enforced pre-requisites and an earned grade of C or better must be obtained for all pre-requisites to 4000-level courses.

Department of Aviation and Supply Chain Management (AVSC)

The Department of Aviation and Supply Chain Management prepares students for careers involving the planning and execution of processes related to the movement of passengers, product, and information. The professional options within the Department are designed to provide students with the technical skills and knowledge needed to be effective decision makers for their organizations. The professional options available are Aviation Management (AVMG), Professional Flight Management (AVMF), and Supply Chain Management (SCMN). Information regarding careers, internships, scholarships, and student organizations is available through the program coordinators. Pre-requisites, including the 2.2 grade-point average and junior standing for 3000 level courses are strictly enforced.

Aviation Management (AVMG)

The Aviation Management program provides a technical management background and specialization in aviation leading to careers with airlines, aircraft manufactures, airports, and other segments of the aviation industry. Individuals interested in registering in the Aviation Management concentration are advised to contact the program director for Aviation Management in the College of Business for proper counseling and classification.

Professional Flight Management (AVMF)

Professional Flight Management concentration provides the technical management background and specialization as does the Aviation Management concentration. Additionally, students pursuing the Professional Flight Management concentration are required to earn the pilot ratings that are required to meet the qualifications to be hired as a pilot with the airlines or corporate aviation. Also, the Professional Flight Management students must have, and maintain, a minimum overall grade point average of 2.25 to enroll in Professional Flight Management courses.

Supply Chain Management (SCMN)

The Supply Chain Management Program combines logistics and operations management knowledge to provide a comprehensive education for students interested in careers with manufacturers, retailers, consultancies, and logistics services providers. The primary goal of the program is to provide a practical understanding of procurement, operations, logistics, and transportation so that graduates will excel in entry-level management positions, graduate school, and future opportunities.
